

Megaprojects and Risk

ACHIEVING SUSTAINABLE PUBLIC AND PRIVATE OUTCOMES

▶▶▶ SYMPOSIUM INVITATION ◀◀◀

Location: Room 2, 80 George Street, Brisbane. Time: 1.45 pm - 5:00 pm, Friday 1 December, 2006. Cost: \$45 (incl gst).

- **PROFESSOR BENT FLYVBJERG, AALBORG UNIVERSITY, DENMARK**

Professor Flyvbjerg is a global authority on infrastructure projects and public policy. He is the author of *Megaprojects and Risk* – a review of the conception, financing, construction, governance and evaluation of over two hundred infrastructure megaprojects. He is also the author of *Making Social Science Matter* and *Rationality and Power: Democracy in Practice*. Professor Flyvbjerg has served as policy and planning adviser to over 40 government departments throughout the world; including the Danish Ministry of Environment and Energy, the UK Department for Transport, the Kosovo Ministry of Environment and Spatial Planning and the Kenyan Ministry of Health. See: <http://flyvbjerg.plan.aau.dk/>

- **PROFESSOR JOHN QUIGGIN, UNIVERSITY OF QUEENSLAND**

Professor Quiggin is one of Australia's leading economists in the field of public policy and infrastructure. He is An Australian Federation Fellow. See: <http://johnquiggin.com/>
