

2011 Seminar Series

Prof Sung Oh Cho

Quantum Beam Engineering Lab
Department of Nuclear and Quantum Engineering
Korea Advanced Institute of Science and Technology (KAIST)

Seminar Topic:

*Nanostructures and nanomaterials
synthesized by electron irradiation and their
applications*

Friday 12 August 2011

2:00pm - 3:00pm

Gold Coast campus

Clinical Sciences 1 Building, G02_1.26G
