

Bonus Admission Scheme

Boost your rank to gain entry to your preferred Griffith University program.

Griffith University recognises that there are some subjects and studies undertaken by high school students that require a high level of skill and knowledge and that better prepare students for the rigour and diversity of tertiary study.

OP eligible students (or equivalent interstate students) successfully completing nominated subjects or studies will automatically be granted bonus admission ranks when applying to study at Griffith University.

Frequently asked questions

What is a rank?

To allow QTAC, UAC and Universities to fairly compare one applicant to another, regardless of whether they are a school leaver with OP, ATARS, school leaver without OP, mature age, interstate or international applicant, they are assigned a rank based on their previous study, education and experience. For OP or ATAR eligible students, there is a rank equivalent.

For example in 2010 an OP 5 was equivalent to a Rank 92. With a bonus of 4 ranks, this would have been a Rank 96 which was equivalent to an OP 3. Ranks and OP or ATAR equivalents are available on the QTAC websites.

How do I apply?

Apply as normal through QTAC or UAC. There is no need for you to do anything different or special for the bonus admission ranks to be applied.

When will I know?

As you are applying through the normal QTAC or UAC process, you will be advised of the outcome of your application in the same way as all other applicants.

Do I still have to meet other prerequisites?

Yes, even with bonus admission ranks applied, you will still need to meet any normal prerequisites, including subject prerequisites, interview, portfolio or audition requirements that apply to the program/s you are preferencing.
