

Video Transcript – Getting Around the University

1st Student

If you need help, ask for it or find it because you don't have to struggle on your own.

2nd Student

Student Services have always been and are still there for students that may need someone to talk to about difficulties they're experiencing.

3rd Student

There's lots of support services available for students but you've really got to get out there and find them out because I personally don't think that, well when I started there was enough information out there, well maybe there was but I wasn't interested so I didn't open my eyes to it.
