

Associate Professor Norman Morris – List of Publications.

1. Hirschhorn, A., Richards, D., Mungoven, S., **Morris, N.R.** and L. Adams. (2008). Supervised moderate intensity exercise improves distance walked at hospital discharge following coronary artery bypass graft surgery - a randomised controlled trial. *Heart Lung and Circulation*. Accepted for publication, 8th Sept, 2007.
2. **Morris, N.R.** Snyder, E.M., Beck K.C., Haseler, L.A., Olson, L.J., and B.D. Johnson. (2007) The relationship between resting lung-to-lung circulation time and peak exercise capacity in chronic heart failure patients. *Journal of Cardiac Failure* 13(5). 389-394.
3. **Morris, N.R.**, Sabapathy, S., Adams, L., Kingsley, R.A., Schneider, D.A., and M.S. Stulbarg. (2007) Verbal numerical scales are as reliable and sensitive as visual analogue scales for rating dyspnea in young and older subjects. *Respiratory Physiology*. 157. 360-365
4. Harmer, A.R., Chisholm, D.J., McKenna, M.J., **Morris, N.R.**, Thom, J.M., Bennett, G., Flack, J.R. (2007). High-intensity training improves plasma glucose and acid-base regulation during intermittent maximal exercise in type 1 diabetes. *Diabetes Care*. 30(5). 1269-70.
5. Sabapathy, S., Schneider, D.A. and **Morris, N.R.** (2006). Ventilatory and gas-exchange responses to incremental exercise performed with reduced muscle glycogen content. *Journal of Science and Medicine in Sport*. 9(3). 267-73.
6. Harmer, A.R., Ruell, P.A., McKenna, M.J., Chisholm, D.J., Hunter, S.K., Thom, J.M. **Morris, N. R.**, Flack, J.R. (2006). Potassium regulation during maximal exercise is improved after sprint training in type 1 diabetes, but is not associated with increased Na⁺K⁺ATPase content. *Journal of Applied Physiology*. 100(1): 26-34.
7. Sabapathy, S., Awater, M.F., Schneider, D.A. Kingsley, R.A., Hopman, M.T.E., and **N. R. Morris**. (2006) Lower limb vasodilatory capacity is not reduced in patients with moderate COPD. *International Journal of COPD* 1 (1), 73-81.
8. Sabapathy, S., Schneider, D.A. and **N. R. Morris**. (2005) The VO₂ slow component: relationship between plasma ammonia and electromyography activity. *Medicine and Science in Sports and Exercise*. 37. 1502-1509.
9. Sabapathy, S., Kingsley, R.A., Schneider, D.A., Adams, L.A. and **N. R. Morris**. (2004). Continuous and intermittent exercise responses in individuals with chronic obstructive pulmonary disease. *Thorax*. 59 (12). 1026-31.
10. Inbar I, **Morris, N.**, Epstein, I and G. Gass. (2004). Comparison of thermoregulatory responses to exercise in dry heat among pre-pubertal boys, young adults males, and older males. *Experimental Physiology*. 89(6). 691-700.
11. Gass G, Gass, E, Wicks J, Browning, J., Bennett G, and **Morris, N.** (2004). Rate and amplitude of adaptation to two intensities of exercise in men aged 65-75 yr. *Medicine and Science in Sports and Exercise*. 36 (10) 1811-1818.
12. Sabapathy, S., Schneider, D.A., Johnson, I., Comaderia, G and **Morris, N.** (2004) The slow component of oxygen uptake kinetics and muscle electromyography activity during heavy exercise in young and older men. *Respiratory Physiology*. 139 (2): 203-113.

13. **N. R. Morris.**, Gass G.C., Thompson M.W. and D. Conforti. (2003). Physiological responses to intermittent and continuous exercise at the same relative intensity in older men. *European Journal of Applied Physiology*. 90, 620-625.
14. Schneider, D.A., Wing, A.N. and **N. R. Morris**. (2002) O₂ uptake and heart rate kinetics during heavy exercise: a comparison between arm cranking and leg cycling. *European Journal of Applied Physiology*. 88: 100-106.
15. **Morris, N.R.**, Gass, G.C., Thompson, M.W., Bennet, G, and H. Morton. (2002). Rate and amplitude of adaptation to intermittent and continuous exercise in older men. *Medicine and Science in Sports and Exercise*. 34 (3), 471-477.
16. Gabbett, TJ, Gass, G.C., Thalib, L., **Morris, N.R.**, and E.M. Gass. (2001). Does endurance training affect orthostatic intolerance in healthy elderly men? *Medicine and Science in Sports and Exercise*. 33 (8) 1279-86.
17. Gabbett, TJ, Gass, G.C., Gass, E.M., **Morris, N.R.**, Bennett, G., and L. Thalib. (1999). Norepinephrine and epinephrine responses during orthostatic intolerance in healthy elderly men. *Japanese Journal of Physiology*. 50:59-66.
