

Urban Research Program

2008 Seminar Series

Professor Rob O'Donoghue

Science Education Research and Indigenous Knowledge

This presentation critiques common assumptions about the difference between indigenous knowledge and western science. It concludes with an open-ended model of environmental learning in the science curriculum.

Rob O'Donoghue is a URP visitor from the Rhodes University Environmental Education and Sustainability Unit (South Africa)

Tuesday 29th July 2008
12.00 p.m. - 1.00 p.m.
Nathan Campus - Room N55 1.07
