

2011 Seminar Series

Dr Yun Wang

Research Fellow, Centre for Clean Environment and Energy,
Environmental Futures Centre

Development of NH₃ sensor based on DGT

Ms Lihong Li

PhD Candidate, Griffith School of Environment,
Centre for Clean Environment and Energy,
Environmental Futures Centre

*Nanostructured Titanium Dioxide
Photoelectrocatalysis Based Analytical Systems
for Determination of Organic Compounds*

.....
Friday 27 May 2011
3:00pm – 4:00pm

Gold Coast campus
Clinical Sciences 1 Building, G02_1.26G
