Cover

Foundations for the Future epitomises the new direction upon which Griffith University embarked in 2002.

Over its 32-year history, the University has deliberately sought to be different from the traditional offerings of other universities and has firmed its position in the marketplace as a reputable alternative.

The bold and sometimes confronting strategic directions outlined in *The Griffith Project* in 2002 (see Volume one, page 4) will see the University traverse new boundaries, engage with new communities and aspire to new heights.

As reflected in the pages of this report, 2002 was a year of change—a year to establish fresh foundations from which to launch into a new future shaped by the creation and sharing of knowledge.

Two volumes

The *Griffith University Annual Report 2002* is published in two volumes. Volume One comprises reports on the University's performance and achievements. Volume Two comprises the financial statements and the report on overseas travel.

Availability

This Annual Report is available from Griffith University, Office of External Relations (telephone: [07] 3875 5477), or at www.griffith.edu.au/er/news

CERTIFICATE OF GRIFFITH UNIVERSITY

The foregoing annual financial statements have been prepared pursuant to the provisions of the *Financial Administration and Audit Act 1977* and other prescribed requirements and we certify that -

- (a) the foregoing financial statements with other information and notes to and forming part thereof are in agreement with the accounts and records of Griffith University;
- (b) in our opinion -
 - (i) the prescribed requirements in respect of the establishment and keeping of accounts have been complied with in all material respects;
 - (ii) the financial statements are prepared in accordance with the Accounting Standards and the DEST Guidelines and represent a true and fair view of the transactions of Griffith University for the period 1 January 2002 to 31 December 2002 and of the financial position as at 31 December 2002; and
 - (iii) at the time of certification, there are reasonable grounds to believe that the University will be able to pay its debts as and when they fall due;
 - (iv) the amount of Commonwealth Financial Assistance expended during the year was for the purpose for which it was provided; and
 - (v) the University has complied in full with the requirements of the program guidelines applicable to the Commonwealth Financial Assistance recorded in these financial statements

The above statement should be read in conjunction with the accompanying notes.

Griffith University

Notes to the Financial Statements for the Financial Year Ended 31 December 2002

NOTE 1**Summary of Significant Accounting Policies.****(a) Financial Reporting Framework**

Griffith University is constituted under the Griffith University Act 1998 and is a statutory body within the meaning given in the Financial Administration and Audit Act 1977.

These statements have been prepared to account for the management and custody of monies and other resources made available to the University and to provide full disclosure of the University's financial operations during the year and general state of affairs at the end of the year.

(b) Statement of Accounting Policies

The financial statements are a general purpose financial report and have been prepared in accordance with the Griffith University Act 1998, Australian Accounting Standards and other mandatory professional reporting requirements and with regard to the Financial Management Standard 1997 issued under Section 46L of the Financial Administration and Audit Act 1977.

The format of the financial statements is consistent with the requirements of the Guidelines for the Preparation of Annual Financial Reports by Australian Higher Education Institutions issued by the Department of Education, Science and Training.

(c) Basis of Accounting

The accounts have been prepared in accordance with the historical cost convention, except for certain assets, which, as noted, are at valuation. The accounting policies adopted are consistent with those of the previous year unless otherwise noted.

Significant Accounting Policies**(a) Comparative Figures**

Where applicable the 2001 comparative figures have been restated to reflect the current year's accounting policies. In relation to Financial Statement notes not previously required, comparatives have not been provided.

(b) Revenue Recognition

Revenue received or receivable is recognised when it is probable that the economic benefits associated with the transaction will flow to the University and can be reliably measured. Interest revenue is recognised when the University becomes entitled to the income. Revenue from sale of goods is recognised upon delivery of goods to the customer. Revenue from rendering services is recognised when the University has a right to be compensated, and the amount of revenue and the stage of completion of the service can be reliably measured.

(c) Receivables

Receivables are due and payable within 30 days and are carried at amounts due. The collectability of debts is assessed at the reporting date and provision is made for doubtful accounts, where it is not longer probable that the amount owing will be collected.

(d) Other Financial Assets

Investments, other than unlisted securities and the property trust, are included in the accounts at Market Value.

The University's interests in unlisted securities are brought to account at cost, and dividend income and other distributions are recognised in the Statement of Financial Performance when receivable.

(e) Acquisition of Non-Current Assets

All assets acquired during the accounting period, except those subject to revaluation have been recognised at cost. Cost is the value of assets given as consideration plus costs incidental to acquisition including architect fees, engineering design fees and other costs incurred in getting the assets ready for use. Where control of such assets has been acquired other than by an exchange transaction they have been recognised at their fair value.

Expenditure on existing infrastructure and buildings has been added to the value of the existing assets where the expenditure is deemed to increase the value of the asset as opposed to expenditure, which maintains the value of the asset.

Items or components, which form an integral part of an asset, are recognised as a single asset (functional asset). The recognition threshold is applied to the aggregate cost of each functional asset.

All items of property, plant and equipment with a cost, or other value, of \$2,000 or greater have been capitalised in the year of acquisition. All other such items with a cost, or other value, less than \$2,000 have been expensed.

Griffith University

Notes to the Financial Statements for the Financial Year Ended 31 December 2002

NOTE 1 – continued**(f) Depreciation of Property, Plant and Equipment**

Depreciation, excluding art collections and land, which are not depreciated, is calculated on a straight-line basis to write off the net cost or revalued amount of each depreciable asset over its expected useful life to the University. During the financial year a review of the useful lives of all assets was conducted, which resulted in changes of depreciation rates for General Property, Plant and Equipment from 10% to 11%, Communication Equipment from 10% to 12.5% and Motor Vehicles from 20% to 10%. In addition a new category of assets was created for Network Equipment, which has a depreciation rate of 16.7%. For each class of depreciable asset the following depreciation rates were used:

Buildings	1.4% to 20%
Infrastructure	1.0% to 10%
Library Collection	6.7%
General Property Plant & Equipment	10.0% to 33.3%
Intangible Assets	8.3%

(g) Revaluation of Non-Current Assets

General Library Collections, Plant and Equipment, Software, Motor Vehicles, Computing Equipment, Photocopiers, Buildings Under Construction and Infrastructure Under Construction are stated at cost. Other assets are valued at Fair Value in accordance with Treasurer's Guidelines "Recording and Valuation of Non-Current Physical Assets in the Queensland Public Sector".

Artworks, Land and Special Library Collections are comprehensively revalued at five year intervals. Progressive revaluations are performed on Buildings every three years and on Infrastructure every five years.

Revaluations do not result in the carrying value of non-current assets exceeding their recoverable amount.

Revaluation increments are credited directly to the Asset Revaluation Reserve, unless they are reversing a previous decrement charged to the Statement of Financial Performance, in which case the increment is credited to the Statement of Financial Performance.

(i) Buildings and Infrastructure

During the financial year, Building and Infrastructure assets have been revalued on a progressive basis, by independent consultant Richard Kerr B.App.Sc (Q.S.), A.A.I.Q.S. of Currie and Brown Pty Ltd, qualified quantity surveyors.

Buildings and Infrastructure not comprehensively revalued in 2002, are revalued in the interim using a Building Cost Index provided by Cost Management Services Pty Ltd.

(ii) Library Collection

In order to bring the University's accounts in line with the requirements of AASB 1041, effective from 2002 the General Library Collection will be held at cost, while the Special Library Collection will continue to be revalued at five yearly intervals.

(iii) Land

Land was last revalued at December 1999 at market value by Herron Todd White Valuers (Brisbane) Pty Ltd. Land since acquired has been included at fair value.

(iv) Art Collection (Queensland College of Art)

Artworks were revalued during 1999 to their replacement value by independent consultants, Peter Bellas of Bellas Gallery, an approved valuer with the Commonwealth Cultural Gifts Program, and Victor Mace of Fine Art Gallery. The collection is adjusted each year, where deemed appropriate, using University's Valuation and a corresponding adjustment is made to the Asset Revaluation Reserve. Subsequent additions are stated at cost.

(h) Payables

These amounts represent liabilities for goods and services provided to the University prior to the end of the Financial Year and which are unpaid. The amounts are unsecured and are normally paid within 30 days of recognition.

(i) Interest-bearing Liabilities

Interest-bearing liabilities are stated at market value. Borrowing costs are comprised of interest and market value adjustment and are recognised as expenses in the period in which they are incurred.

Griffith University

Notes to the Financial Statements for the Financial Year Ended 31 December 2002

NOTE 1 – continued**(j) Employee Entitlements****(i) Long Service Leave**

In accordance with Australian Accounting Standard AAS30 Accounting for Employee Entitlements, Provision for Long Service Leave is measured at the present value of expected future payments to be made by the University, which result from services provided by employees, up to balance date. The discount rate applied is the yield to maturity of The Reserve Bank Bond rates that have similar terms to maturity to the estimated future date of payment. The amount of the provision includes an assessment of likely future salary increases and probability that payment will occur. The current liability was calculated by averaging the Long Service Leave payments made during the period from 1997 to 2002.

(ii) Recreation Leave

Recreation leave has been accrued for outstanding leave entitlements for all Staff at salary rates as at 31 December 2002.

(iii) HECE Award – Severance Entitlement

Pursuant to Australian Accounting Standard AAS30 Accounting for Employee Entitlements and the HECE Award, a liability for severance payments to employees on a fixed term contract is recognised. Measurement is in accordance with an employee's period of continuous service and is based on staff salary rates as at 31 December 2002.

(k) Foreign Currency Translations

Transactions denominated in a foreign currency are converted into Australian currency at the exchange rate applicable at the date of the transaction. Foreign currency receivables and payables at balance date are translated to Australian currency at exchange rates applicable at balance date. Exchange gains and losses are brought to account in determining the operating surplus or loss for the year.

(l) Inventories

The basis of valuation of inventories is average cost.

(m) Leased Assets

The University does not have any finance leases. Other leases under which all the risks and benefits incidental to ownership are effectively retained by the lessor are classified as operating leases. Operating lease payments are charged to expense over the period of expected benefit.

The University is leasing Southbank House and associated land under a long-term lease arrangement with the South Bank Corporation (expiring in 2110). The building will be extensively refurbished by the University. The initial lease premium has been apportioned over land and building, in proportion to their fair value at inception of the lease. The premium will be amortised over the period of the lease.

(n) Consolidated Accounts

Consolidated Financial Statements have not been prepared for interests held by Griffith University in Griffith University Medical Research Institute Ltd, as no transactions were recorded for the year. Interests held in other unlisted companies are considered insufficient to allow the University to exert control.

Griffith University

Notes to the Financial Statements for the Financial Year Ended 31 December 2002

NOTE 1 – continued**(o) Income Tax**

Griffith University is an exempt organisation under the Income Tax Assessment Act (1997) and no provision for Australian Income Tax has been made on this basis.

No provision has been made for any taxes on capital gains, which could arise in the event of a sale of certain revalued non-current assets for the amounts at which they are stated in the accounts as it is not expected that any such liability will eventuate.

In relation to any foreign operations, Griffith University is subject to Income Tax under the Income Tax Acts applicable in the relevant countries. Income Tax in respect of these operations has been brought to account in the year it is incurred.

(p) Controlled Entities

Entities 100% controlled by Griffith University during 2002, and forming part of the Griffith University Economic Reporting Entity are as follows:

© Griffith Medical Research Institute Ltd

No financial transactions have been recorded by Griffith Medical Research Institute Ltd, and therefore do not require consolidation. Refer Note (n).

(q) Shares in Unlisted Companies

Griffith University holds shares in the following companies:

- IELTS Australia Pty Ltd
- Open Learning Agency of Australia Pty Ltd
- IDP Education Australia
- QANTM Co-operative Multi-Media Centre
- CRC for Sustainable Tourism Pty Ltd
- Impart Corporation Pty Ltd
- Australian Canopy Crane Pty Ltd
- Australian Technology Fund Pty Ltd
- AARNET Pty Ltd
- Glykoz Pty Ltd
- Calytrix Technologies Pty Ltd
- Smart Internet Technology CRC Pty Ltd
- Antonova Limited

No individual shareholding within the above companies is sufficiently large to require consolidation. Refer Note (n).

(r) Commonwealth Government Grants/Higher Education Trust Fund Revenue

Grants are recognised as revenue when the University obtains control over the assets comprising the grants, irrespective of whether conditions are attached to the grants. Control over granted assets would normally be obtained upon their receipt.

(s) Presentation

Amounts shown in the Financial Statements have been rounded to the nearest one thousand dollars, unless otherwise stated. As a result some additions within the notes accompanying the Financial Statements may vary from the Statement of Financial Performance and Statement of Financial Position.

(t) Goods and Services Tax

Legislation contained in the *New Tax System (Goods and Services Tax) Act 1999*, effective from 1 July 2000, requires that amounts payable to Creditors or receivable from Debtors are recorded at the GST inclusive amount. The University records revenue, expenditure and assets net of any recoverable goods and services tax. The balance of GST recoverable or payable by the University to the Australian Taxation Office is shown as either asset or liability.

7.1 Responsible Persons		
(a) Name of persons who were responsible persons		
1 January 2002 – 7 January 2002		Professor Roy Webb *
1 January 2002 – 3 March 2002		Margaret Buckridge *
		Professor George Kearney *
		Val Matthews
1 January 2002 – 31 March 2002		Dr. Nancy Viviani
1 January 2002 – 8 June 2002		John Kearney
1 January 2002 – 7 October 2002		Bernadette Roberts
8 January 2002 – 31 December 2002		Professor Glyn Davies *
4 March 2002 – 31 December 2002		Professor David Burch *
		Aquido Horatio Davies
		Shaunnah Dorsett *
		Dr. Tony Van Fossen *
9 April 2002 – 31 December 2002		Gregory Grodecki
9 June 2002 – 31 December 2002		Jeff Johnson
7 October 2002 – 31 December 2002		Dr. Bob Anderson
1 January 2002 – 31 December 2002		Leneen Forde
		Sandra Anderson
		Laurie Barram *
		Dr. Bruce Cook
		Karen Fentie *
		Debbie Heck *
		Rachel Hunter
		Professor Roger Slee
		Henry Smerdon *
		Karen Struthers
		John Swinton *
		Helen Taylor
		Adrienne Ward
		Honorable Chief Judge Wolfe
(b) Remuneration of responsible persons		
Council Members are not remunerated for their services as Council Members. Council Members, who also serve as staff members are marked by *. Staff members who serve as Council Members are remunerated only for their substantive role within the University.		
(c) Retirement benefit of responsible persons	-	-

28. Financial Instruments**(a) Terms, Conditions and Accounting Policies**

The University's accounting policies, including the terms and conditions of each class of financial asset and financial liability, both recognised and unrecognised at the balance date, are as follows:

Recognised Financial Instruments	Financial Position Notes	Accounting Policies	Terms and Conditions
(i) Financial assets			
Receivables	12	Receivables are carried at nominal amounts due less any provision for doubtful debts. A provision for doubtful debts is recognised when collection of the full nominal amount is no longer probable.	Credit sales are on 30-day terms.
Managed funds	13	Managed Funds are stated at market price. Interest is recognised in the Statement of Financial Performance when earned and accrued as at Balance Date.	Funds are available at call. Effective average interest rate is 4.78%.
(ii) Financial Liabilities			
Payables and accruals	19	Liabilities are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the University.	Trade liabilities are normally settled 30 days from statement.
Interest-bearing liabilities	20	Interest-bearing liabilities are carried at market value. Interest is expensed to the profit and loss as incurred and accrued as at balance date.	Interest-bearing liabilities relate to loans from QTC. Interest is charged quarterly at the commercial borrowing rate. A QTC loan amounting to \$353,000 in respect of a Spectrometer does not incur interest.

**Notes to the Financial Statements
for the Financial Year Ended 31 December 2002**

(b) Interest Rate Risk

The following table details the economic entity's exposure to interest rate risk as at the 31 December 2002:

2002	Average Interest Rate %	Variable Interest Rate \$'000	Fixed Interest Rate Maturity			Non- Interest Bearing \$'000	Total \$'000
			Less than 1 Year \$'000	1 to 5 Years \$'000	More than 5 years \$'000

Total Financial Liabilities	36,744	42,224	36,744	42,224

(c) Net Fair Values

The net fair value of cash and cash equivalents and non-interest bearing monetary financial assets and financial liabilities approximates their carrying value. The net fair value of other monetary financial assets and financial liabilities is based upon market prices where a market exists or by discounting the expected future cash flows by the current interest rates for assets and liabilities with similar risk profiles.

(d) Credit Risk Exposures

The University's maximum exposure¹ to credit risk at balance date in relation to each class of recognised financial asset is the carrying amount of those assets as indicated in the balance sheet.

Credit risk in trade receivables is managed in the following ways :

- payment terms are 30 days; and
- a credit approval process is used for all customers over \$50.

¹ The maximum credit risk exposure does not take into account the value of any collateral or other security held, in the event other entities/parties fail to perform their obligations under the financial instruments in question.

Notes to the Financial Statements
for the Financial Year Ended 31 December 2002

29. Acquittal of Commonwealth Government Financial Assistance

for the Financial Year Ended 31 December 2002**

30. Superannuation Plan

The University contributes to UniSuper (formerly SSAU) under which employees, where applicable, are entitled to defined benefits on retirement, disability, or death. Employees contribute to the plan at 7% of their wages and salaries. The University contributes to the plan at the rate of 17% of the employees' salaries and wages.

Actuarial investigation of the plan was completed on 18 May 2000 and was conducted as at 31 December 1999 by Mr Grant Harslett (FIA, FIAA) of Towers Perrin.

Under the Superannuation Industry Supervision Act and Regulations, the UniSuper Defined Benefit Plan, as at 30 June 2002, had a net shortfall which fell within the definition of an 'unsatisfactory financial position' requiring review by the Actuary and the Trustee. The Actuary and the Trustee have confirmed that in their judgement the fund's position as at 30 June 2002 was caused by short term fluctuations in asset values and that based on the 'best estimate' investment projections the UniSuper fund is expected to return a satisfactory financial position within the timeframe required by the Trust Deed.

Consequently, the Actuary and the Trustee have agreed that at present the existing contribution rate remains appropriate and no further action is required with respect to the shortfall as at 30 June 2002.

The accrued benefits attributable to Griffith University based on the last actuarial assessments and the plan assets at net market value and vested benefits at 30 June 2002 of the superannuation plan sponsored by the University are:

	Accrued Benefits 2002 \$'000	Net Deficit 2002 \$'000	Plan Assets 2002 \$'000	Vested Benefits 2002 \$'000
UniSuper	112,257	7,840	104,417	112,257

**Notes to the Financial Statements
for the Financial Year Ended 31 December 2002**

31. Expenditure on External Consultants

Expenditure was incurred on external consultants in the following categories:

	2002	2001
	\$'000	\$'000
Management	232	221
Human Resource Management	123	254
Information Technology	860	1,067
Communications	6	5
Finance/Accounting	147	311
Professional/Technical	7,534	6,505
	8,902	8,363

32. Contingent Assets/Liabilities**(a) Litigation in Progress**

The University has a number of cases at varying stages within the legal process, while others are awaiting decision regarding appropriate legal action. The University believes that it would be misleading to estimate the final amounts payable, if any, in respect of the outstanding cases as at 31 December 2002.

(b) Outstanding Insurance Claims

The University has a number of outstanding Insurance Claims, which are currently being assessed by the University's Insurers. The University believes that it would be misleading to estimate the final amounts recoverable, if any, in respect of the outstanding cases as at 31 December 2002.

33. Events occurring after Reporting Date

A review of events after the Reporting Date has not identified any issues which would materially affect the disclosed Statement of Financial Performance or the Statement of Financial Position.

34. Controlled Entities

	Country of Incorporation	Ownership interest	
		2002 %	2001 %
Parent Entity Griffith University			
Controlled Entities Griffith Medical Research Institute	Australia	100	100

INDEPENDENT AUDIT REPORT

The Council of Griffith University

Scope

I have audited the general purpose financial statements of Griffith University for the year ended 31 December 2002 in terms of section 46F of the *Financial Administration and Audit Act 1977*. The financial statements comprise the Statement of Financial Performance, Statement of Financial Position, Statement of Cash Flows, Notes to and forming part of the Financial Statements and certificates given by the Director of Finance and Business Services, Vice-Chancellor and Chancellor.

The Griffith University is responsible for the preparation and the form of presentation of the financial statements and the information they contain. I have audited the financial statements in order to express an opinion on them.

The audit has been conducted in accordance with *QAO Auditing Standards*, which incorporate the Australian Auditing Standards, to provide reasonable assurance as to whether the financial statements are free of material misstatement. Audit procedures included the examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial statements and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion as to whether, in all material respects, the financial statements are presented fairly in accordance with prescribed requirements which include Australian Accounting Standards so as to present a view which is consistent with my understanding of the University's financial position, and the performance as represented by the results of its operations and its cash flows.

The audit opinion expressed in this report has been formed on the above basis.

Audit Opinion

In accordance with section 46G of the *Financial Administration and Audit Act 1977*, I certify that I have received all the information and explanations I have required and, in my opinion -

- the prescribed requirements in respect of the establishment and keeping of accounts have been complied with in all material respects; and
- the statements have been drawn up so as to present a true and fair view, in accordance with prescribed accounting standards and other mandatory professional reporting requirements in Australia, of the transactions of the Griffith University for the financial year 1 January 2002 to 31 December 2002 and of the financial position as at the end of that year.

B P WORRALL, FCPA
Assistant Auditor-General
(as Delegate of the Auditor-General of Queensland)
