Launching Stars

Usually it takes millions of years for a new star to launch itself into the atmosphere. Queensland College of Art fast tracks the process and each year launches a stellar constellation of brand new bright burning stars for the world to see.

We love launching stars and invite you to come and see the collection of stars at the 2008 graduate showcase with a series of exhibitions in Contemporary Australian Indigenous Art, Design, Photography, Fine Art and Griffith Film School screenings.

Exhibitions open - 10 am - 5 pm
For more information, phone 3735 6172 or visit <http://www.griffith.edu.au/visual-creative-arts/queensland-college-art>
