

Urban Research Program

Wednesday 5th September 2007

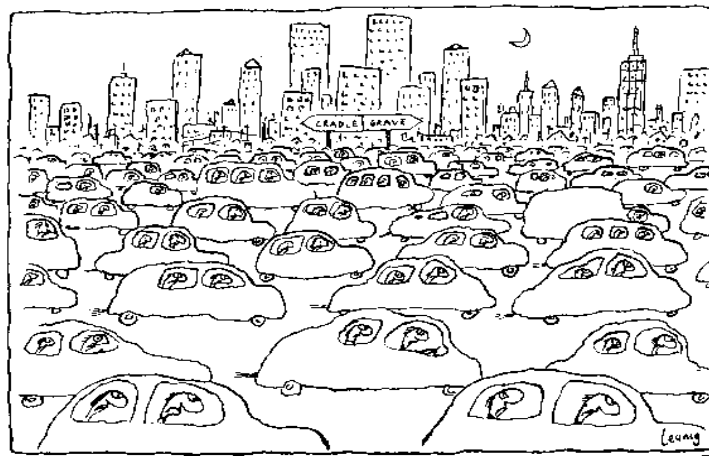

12.15 p.m. – 1.30 p.m. Room N55 1.12

Dr. Chris Harris

A Bonfire of Controls Transit orientated development old and new

This seminar explores parallels between the new town planning of the 1940s and contemporary transit orientated development.

Chris Harris is a URP visitor from Auckland, New Zealand. He works in the public transport sector.
