Griffith University Median OP offer scores in the QTAC Major Rounds for 2005 - 2009

Median OP Score of QTAC Offers

- Gold Coast
- Logan
- Mt Gravatt
- Nathan
- South Bank
- All University

Natural OP score or equiv

Griffith University recognises that there are some subjects and studies undertaken by high school students that require a high level of skill and knowledge and that better prepare students for the rigour and diversity of tertiary study.

OP eligible students (or equivalent interstate students) successfully completing nominated subjects or studies will automatically be granted bonus admission ranks when applying to study at Griffith University.

The bonus admission scheme applies to the following subjects or study:

<table>
<thead>
<tr>
<th>Subject or study area – Core QCE</th>

2. Early June - Registrations for UMAT close
3. **Wednesday 29 July 2009 - Sit UMAT**

**Note:** This is the ONLY opportunity to sit UMAT in 2009

**Interview**

Applicants are required to register for B Medical Science by submitting a Griffith University Application for Interview form by 31 July 2009

1. Applicants are selected for interview on the basis of UMAT results
2. Application form available at [www.griffith.edu.au/health/biomedical-medical-science](http://www.griffith.edu.au/health/biomedical-medical-science) or via link in the program information located in the Degrees and Courses section of the Griffith website
3. Applicants **MUST** be successful at interview to be eligible for an offer

**UMAT 2009 booklet and preparation material is available on the ACER website at [www.acer.edu.au](http://www.acer.edu.au)**
University studies

If you gain entry into a university program which is not your first choice, you may decide to complete the equivalent of one year of full-time study in that program to upgrade your admission level for possible entry into your preferred program.

Griffith Continuing Education certificate programs

The non-award certificate program generally comprises part-time study over 2 semesters. Students sit alongside undergraduate students, undertaking the same course workload and sit the same assessment requirements. Upon successful completion students are awarded a boosted admission rank. –

www.griffith.edu.au/certificate-programs
Open Universities Australia

Anyone can study University courses for credit towards a degree, there is no entry requirements and no prerequisites. With Open Universities Australia you can study online in your own time, anywhere in the world. –
www.open.edu.au

Queensland Institute of Business and Technology (QIBT)

Located at the Mt Gravatt campus and in partnership with Griffith University, QIBT delivers Foundation Qualifying programs in the areas of Commerce, Graphic Design, Hotel Management, Information Technology, Biosciences, Engineering and Criminology & Criminal Justice; providing a bridge between secondary school and undergraduate level studies. Satisfactory completion of the relevant QIBT Diplomas will facilitate your admission into Griffith University programs from which the diploma courses are drawn. Admission may also be dependent on quota restrictions in certain circumstances.
Bridging and Preparatory Programs

Bridging and Preparatory programs are designed for people whose previous education is insufficient to allow them to proceed directly to a tertiary program. There is a range of bridging and preparatory programs offered by Australian Universities and private institutions which are recognised by Griffith University for admissions and or prerequisite purposes.

Certificate IV in Adult Tertiary Preparation (ATP)

ATP is a one year full-time certificate or can be completed on a part-time basis. You will be trained in the knowledge and skills needed for successful tertiary study and be able to acquire necessary pre-requisites for specific University programs. This qualification is for adults wanting to return to study, particularly if some time has elapsed since they last studied. You will learn a range of skills including time management, study, research, assignment writing skills, exam strategies and seminar presentation skills. By completing the ATP including the University Skills module you can gain direct entry to some bachelors programs. – offered via TAFE/Private Providers.
Australian Qualifications Framework (AQF) Diploma’s and Advanced Diploma’s - TAFE Institutes/Private Providers

Successful completion of a minimum of one year of full-time study or its part-time equivalent in a TAFE or other approved private college Diploma/Advanced Diploma may sufficiently improve your admission level to gain entry into your preferred university program. TAFE Diplomas/Advanced Diplomas are listed in the QTAC Guide.

Special entry schemes

Dual Griffith University/TAFE Qualifications

Griffith University, in conjunction with TAFE Queensland, offers a number of dual programs. Dual programs require students to complete their TAFE qualification before articulating to Griffith University. Dual qualification students are made direct offers to Griffith University on satisfactorily completing the TAFE component of the dual program. The TAFE Graduate does not need to reapply through QTAC for the Griffith place but should complete a Direct Admission into an undergraduate program. Dual qualifications are therefore an excellent pathway into Griffith University.
