**Conference presentations**

**Internal and contract reports**

During my employment with SANParks I have compiled in excess of 100 internal reports dealing with a wide range of topics and scientific requirements. The reports range from habitat suitability studies, interim research reports, aerial survey reports, *species plans, management and development plans* to comments on, and scoping reports for, Environmental Impact Assessments, management recommendations and *contract reports*.

26. CASTLEY, J.G. 2004k. Aerial survey of the Richtersveld National Park, with emphasis on the

53. CASTLEY, J.G. & KNIGHT, M.H. 2000b. Summary of a possible land acquisition strategy for various inland national parks which are in the process of expanding or being created. Internal report, South African National Parks, Port Elizabeth 9pp.

74. CASTLEY, J.G. 1998f. Response to a questionnaire circulated by the CSIR on the rehabilitation in South Africa’s arid zones following the removal of alien plants. 9pp.

**Informal presentations**

2. CASTLEY, J.G. 2006. Shifting Expectations, bridging the divide. Presentation to the Centre for Innovative Conservation Strategies, Griffith University, Nathan Campus. Brisbane, Australia.

5. CASTLEY, J.G. 2004. Addo Elephant National Park: re-establishing the dynamics of predator-prey interactions. *Invited* lecture to Alexander Road High School Year 12 students as part of the high school biology curriculum, Port Elizabeth.
