Welcome

Studying overseas for even a short time can truly change the rest of your life – having been an exchange student myself, I am evidence of that! While you will gain another perspective on your academic studies, you will also have the opportunity to immerse yourself in the multicultural lifestyle of Australia’s beautiful South East Queensland. If you choose to join us at Griffith, not only do you get to choose between living in Brisbane or on the Gold Coast, you will also be part of a University community that is proud to welcome students from 130 different countries every year. A semester abroad really will open up the world to you, and you’ll also find out a lot about yourself. I hope you find this Guide informative, and that you will have the chance to find out for yourself why so many students from around the world travel to Griffith University.

Accommodation

Whether you would like to live on-campus or off-campus, there are a number of options you can explore to find housing to suit your needs.

Off-campus
In Australia, share housing – where you share a house or apartment with a number of other students – is the most common form of off-campus accommodation.

When looking for suitable off-campus accommodation you will need to consider:
- the cost of rent (usually advertised weekly)
- if utilities are included in your rent (electricity, water, gas)
- if internet is included in your rent
- if the accommodation is furnished
- how close the accommodation is to your campus
- access to public transport.

You may wish to organise temporary accommodation for your first few days or weeks in Queensland.

The Australian Government requires students to have access to a minimum of AUS$19,830 (Australian dollars) per year to meet their living costs.
