Chinese Culture Workshop at the Gold Coast Helensvale Library

On 5 July 2016 the Tourism Confucius Institute (TCI) at Griffith University facilitated three Chinese culture activities at the Helensvale library. The Tourism Confucius Institute carefully prepared Chinese Wuziqi, shuttlecock making and paper cutting for children. Both parents and children came to participate in this Chinese culture workshop and learned how to play Chinese Wuziqi, how to make shuttlecocks and how to cut paper pandas. At the end of this activity everyone was able to take home their creations and were very pleased with the results!

Playing Wuziqi
Making shuttlecocks

Teaching papercutting
My panda and monkey!
