Bachelor of Oral Health in Dental Technology

Q. What are the admission requirements for Griffith’s Bachelor of Oral Health in Dental Technology program?
A. Apply for a place with Queensland Tertiary Admissions Centre (QTAC) – QLD - or Universities Admissions Centre (UAC) – NSW - by the end of September each year for intake into the following year. Register online www.qtac.edu.au or www.uac.edu.au (NO late applications will be accepted by QTAC or UAC and preferences cannot be changed after this date). Prospective students are requested to register at only one Admissions Centre, either QTAC or UAC, not both.

Q. Are there any prerequisite requirements for entry?
A. Yes. It is your responsibility to ensure that you have met the oral health academic prerequisite requirements as published on the University’s website www.griffith.edu.au - refer to the 'degrees and courses' link). Subjects required are: English (4SA i.e. sound achievement over 4 semesters or equivalent) and one of Biological Science, Chemistry, Physics, or Maths B (4SA or equivalent). For approved bridging courses refer to http://www.griffith.edu.au/science-environment-engineering-technology/programs-courses/bridging-courses

Q. How is the final selection made?
A. Selection into the Bachelor of Oral Health in Dental Technology program is based on pre-requisites being met and your academic qualification which will be ranked.

Griffith University will not be in a position to provide advice on the outcome of your application prior to the release of QTAC / UAC offers. If you require any further information about the outcome of your application, please do not hesitate to contact Student Administration at the Gold Coast Campus or the School of Dentistry and Oral Health after offers are released.
