INSTRUCTIONS FOR REFEREE
REFEREE

The following information is about the standard for the degree to assist referees in providing their assessment of the applicant's ability.

Standard for the Degree of PhD by Prior Publication

The degree will be awarded to an applicant who, through published work of which the applicant is either the author or joint author, has made an original scholarly contribution to knowledge and demonstrated a capacity for independent research as judged by independent experts applying appropriate international standards. The standard for the degree will be the same as that required for the degree of PhD at Griffith University. That standard requires that the submission submitted for examination

"makes an original, significant and extensive contribution to knowledge and understanding in the relevant field of study, as judged by independent experts applying accepted contemporary international standards."
