How to…
Connect OneDrive to Turbo.net

Introduction

To save files in Turbo.net when using the **Run in Cloud (HTML5)** or **Run in Cloud (Windowed)** modes, your staff or student OneDrive must first be connected to Turbo.net. OneDrive is a cloud filesystem provisioned as part of your Griffith Microsoft Office 365 and email account.
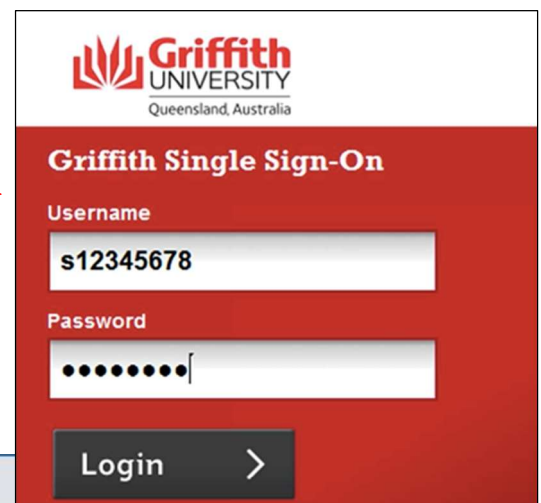

Files you upload to your Griffith OneDrive are available in T:\OneDrive when using Turbo.net applications in **Run in Cloud (HTML5)** or **Run in Cloud (Windowed)** modes. Files can also be uploaded and downloaded to you PC or Mac.

For instructions on accessing and launching applications in Turbo.net or to installing the Turbo.net desktop app. go to;
https://www.griffith.edu.au/student-computing/using-your-own-device/turbo-net

For more information regarding Microsoft Office 365 go to; https://www.griffith.edu.au/student-computing/365

Step 1: Access the Turbo.net portal

1. Login at https://griffith.start.turbo.net.

2. You will be redirected to the Griffith single sign-on page, login using your Griffith student or staff credentials.

3. Select **Yes** when the Microsoft login appears.

4. The **Turbo.net** dashboard will appear where you can connect your OneDrive.
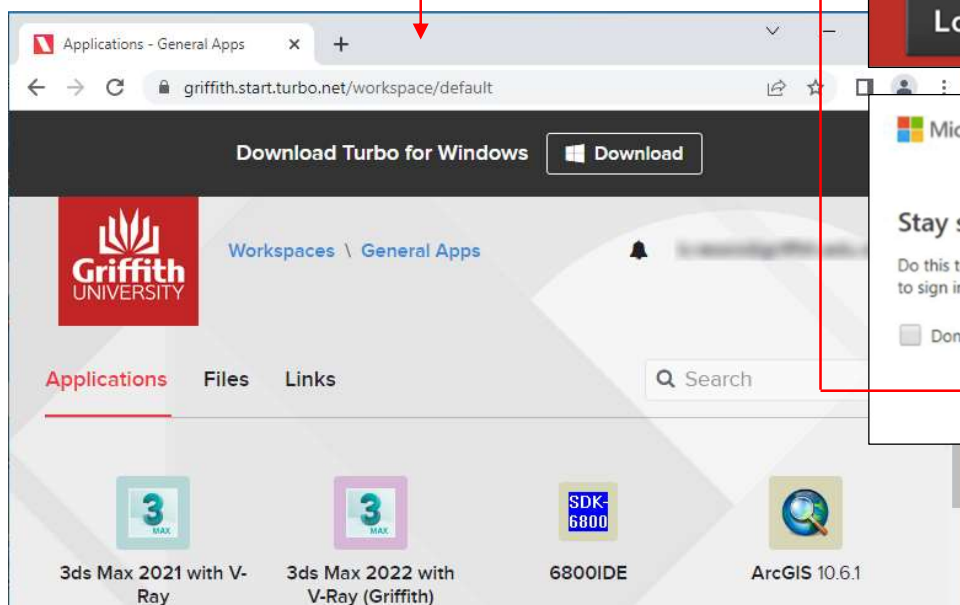

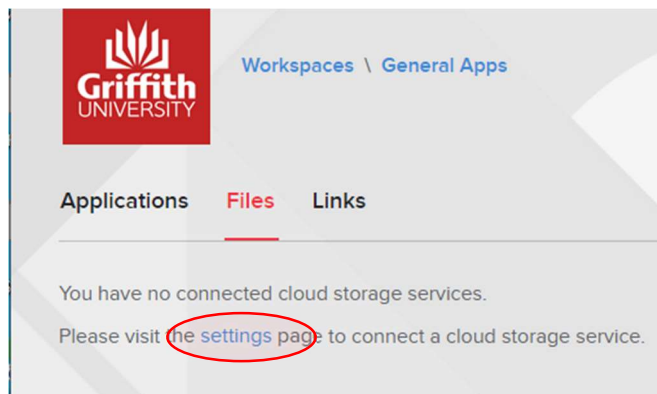

# Step 2: Connect OneDrive (suitable for all devices)

1 Click on the **Files** tab in the Turbo.net workspace.
**2** Click on the "settings" link in the dialogue or in the drop-down list under your email.

3 Click on the **Connect** button and choose OneDrive. Accept the prompt and login via Griffith Single Sign-On.

**4** Once connected, to navigate back to the application portal Click on the Griffith icon top left.

5 OneDrive will now be available for saving files when running applications in either the **Run in Cloud (HTML)** or **Run in Cloud (Windowed)** modes. Your OneDrive folder will be available as T:\OneDrive in all Turbo.net applications.

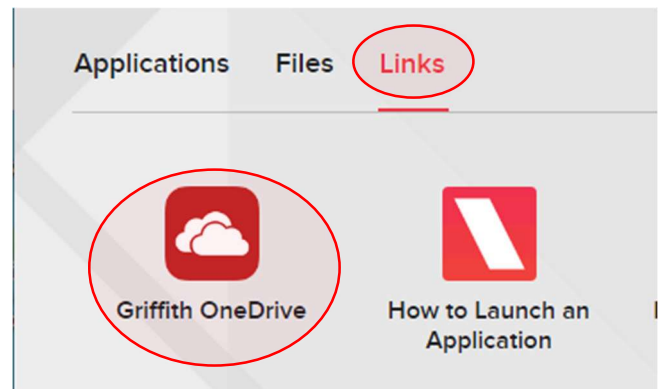

Navigate to T:\OneDrive
