DATA ANALYSIS MASTER CLASS

Suitable for all researchers and HDR students

Workshop

Participants are asked to bring their own work to this workshop (a few transcripts/documents/visuals- text based only). It will be an intensive look at getting from raw data to completed research documents.

Workshop Leader

Dr Maree Boyle, is a member of the Centre for Work Organisation and Wellbeing, and a Senior Lecturer with Griffith University’s Business School. Maree’s research interests include qualitative research methods; the relationship between work and non-work; and work, organisations and gender.

Time: 9.30am – 1.00pm
Venue: Business 1 Building, G01, 3.38 Gold Coast Campus
When: Monday 27th May 2013

Registration

Seating limited to 20.

Registration to attend is essential and allocation of places will be confirmed by email to registrants. Registrants are asked to indicate their Research Centre or Academic Element on their email request to attend. Registration to attend and any dietary requirements should be emailed to Denise Hemsley, d.hemsley@griffith.edu.au, by Monday 13th May 2013, at
