PUBLICATIONS

---

1In general in a physiotherapy journal, seniority of authorship is in descending order from first to last author; in scientific journals, generally first and last authors denote seniority. In most cases since 2007, unless otherwise indicated (★), where I have been senior author my name appears either first or last regardless of the journal.

FULL PUBLISHED CONFERENCE PROCEEDINGS

Rowlands D, McNab T, Laakso L and James D (2012) *Cloud based activity monitoring system for health and sport*. Accepted for 2012 International Joint Conference on Neural Networks and for publication in the conference proceedings published by IEEE.
