The Griffith Institute for Educational Research and the School of Education and Professional Studies Gold Coast, Griffith University would like to invite you to the seminar:

**Conducting Research on eLearning: Experiences of Successful Publications**

By Professor Pei-Chen Sun  
*Visiting Scholar – Institute for Computer Science, National Kaohsiung Normal University*

**Associate Professor Pei Chen Sun** is a Visiting Scholar, funded by the National Taiwanese Science Council in association with the Australian Academy of Science. He was the recipient of Outstanding Research Awards at National Kaohsiung Normal University in 2003, 2004, 2006, 2007, and is recognised as one of the leading eLearning researchers in Taiwan. He brings considerable expertise in employing advanced quantitative methodologies. His research interests include Information and Communication Technologies Education, Information Systems and his teaching interests include ICT-based Learning System Design, Multimedia System Design, Artificial Intelligence, Applied Multivariable Statistics, and System Dynamics and Mathematic Modeling. He has been undertaking collaborative eLearning research with Dr Glenn Finger over recent years investigating the critical factors influencing learner satisfaction in eLearning, the critical functionalities in eLearning which align with teacher values and preferred pedagogical approaches, and they are completing a major study of ICT research trends evident in 4 major international ICT journals from 1977 to the present.

**Wednesday 27 August**

5.00pm – 6.30pm  
Level 1, Room G34_1.05/1.06, The Chancellery, Gold Coast campus

There is no cost to attend. Tea and coffee will be available on arrival.

To RSVP, please contact Angela Johnston on (07) 5552 9784 or angela.johnston@griffith.edu.au by **Tuesday 26 August 2008**.
