Popular Courses

Choosing courses has never been easier with our extensive range of first, second and third year courses across 20 different disciplines!

It is the student's responsibility to check the Degree and Career Finder to ensure any pre-requisites and/or assumed knowledge (if applicable) have been met.

Failure to do so may result in unsuccessful course completion.

Things to Remember:

- Courses are subject to availability and can change before the start of any given trimester or during the first two weeks of trimester.
- Having approval/permission does NOT guarantee a place in a course. Courses may be cancelled prior to or after students' arrival and/or have a strict quota.
- Please ensure you have at least eight approved/permitted courses before enrolment commences to allow for changes to course offerings and timetable clashes.
- To undertake 2000+ 'LAW' courses, you must be enrolled in a Law degree/program at your home university; To undertake 'CCJ' and 'EDU' courses, you must be enrolled in an Criminology & Criminal Justice degree/program or Education degrees/program at your home university.
