GRIFFITH UNIVERSITY
Queensland, Australia

How to…
Connect to Wi-Fi for Android

Introduction

This guide will show you how to connect to Griffith University Wi-Fi network on an Android device.

Before you start - You must be on campus to complete the steps in this guide. You also need to close all applications using Wi-Fi/Internet before attempting the steps in this guide (including Outlook and Microsoft 365).
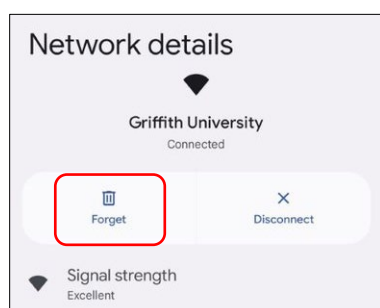

Screenshots in this guide may differ depending on device and software versions.

Have you connected to Griffith Wi-Fi or Eduroam from your device before?

No – Continue to **Part A: Connect to *Setup Griffith Wi-Fi**.

Yes – You will need to uninstall the SecureW2 JoinNow app from your device and forget the **Griffith University** and **Eduroam** Wi-Fi networks.
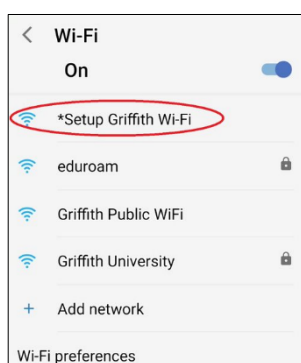

1 Open the **Google Play store** on your device and uninstall the **SecureW2 JoinNow** app.

2 Open the **Wi-Fi** menu on your device. Tap on **Griffith University** then select **Forget**.

Wi-Fi preferences

GRIFFITH UNIVERSITY
Queensland, Australia

1 Open **Chrome** browser and go to **wifi.griffith.edu.au**

2 Select **Download**. This will take you to the SecureW2 Google Play page.

3 Tap **Install.** Once the SecureW2 JoinNow app has installed tap **Open**.

4 The app will begin the setup process.

5 Sign in with your **Griffith sNumber** and **Griffith password** (e.g sXXXXXXX).

6 Enter your **sNumber followed by @griffith.edu.au** (e.g. sXXXXXXX@griffith.edu.au) and your **Griffith password** then tap on **JoinNow**.

Part C: Test Wi-Fi connection

1 Once the setup process is complete, tap **Go to Wi-Fi Settings**.

2 In the **Wi-Fi Settings** menu, tap on ***Setup Griffith Wi-Fi** and select **Forget Network**.

3 Tap on **Griffith University** to connect to the Griffith University Wi-Fi network (it may take up to one minute for the network to appear). Once connected, try browsing the internet to check your connection to Griffith University Wi-Fi is working correctly.
