

Introduction

This guide will show you how to connect to Griffith University Wi-Fi network on an Android device.

Before you start - The onboarding process requires an active internet connection. If you are on campus and require temporary access, connect to the *Setup Griffith WiFi SSID.

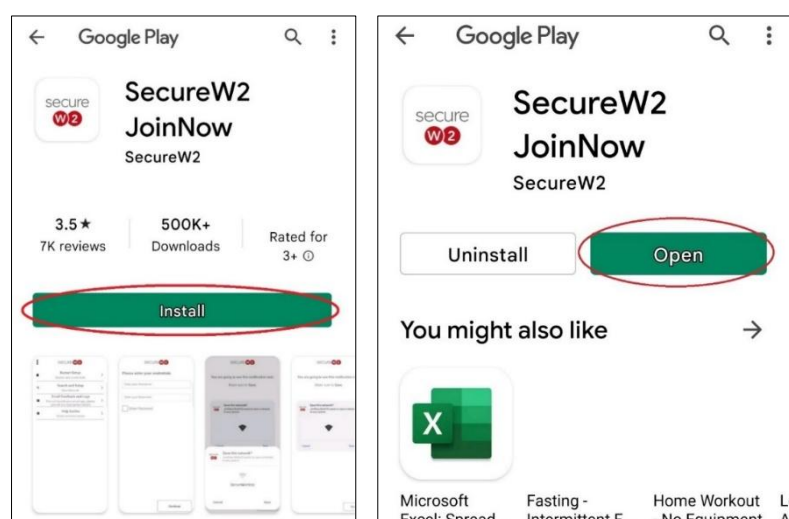

Screenshots in this guide may differ depending on device and software versions.

Part A: Download and set up SecureW2 JoinNow

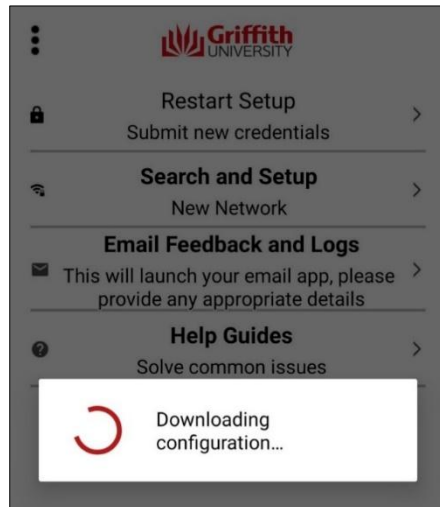

- 1 Open **Chrome** browser and go to **wifi.griffith.edu.au**.
- 2 Select **Download**. This will take you to the SecureW2 Google Play page.

- 3 Tap **Install**. Once the SecureW2 JoinNow app has installed tap **Open**.

- 4 The app will begin the setup process.

- 5 Sign in with your **Griffith sNumber** and **Griffith password** (e.g sXXXXXXX).

Part B: Test Wi-Fi connection

- 1 Once the setup process is complete, tap **Go to Wi-Fi Settings**.

- 2 Tap on **Griffith University** to connect to the Griffith University Wi-Fi network (it may take up to one minute for the network to appear). Once connected, try browsing the internet to check your connection to Griffith University Wi-Fi is working correctly.
