# How to…
Print from your MacOS device

Introduction

This guide will show you how to print at Griffith University from your personal MacOS device. The Ricoh PaperCut Mobility Print system used on our Multi-function Devices (MFD) provides flexibility and security. It features Myprint_Student which allows you to retrieve your jobs from any available MFD on campus.

⚠️ **Note: Your device must be connected to the Griffith wireless network (not Eduroam) or Griffith VPN to install and use PaperCut Mobility Print on campus.**

⚠️ **If you have previously installed student_print on your personal device prior to 17 February 2023, you will need to delete this printer from your device before completing the steps below.**

Step 1: Download the PaperCut Mobility Print client

1 In a web browser go to the following URL:
https://printlb.griffith.edu.au:9164/setup

2 The system will usually automatically identify the type of device you are using. Click the **Download** button.

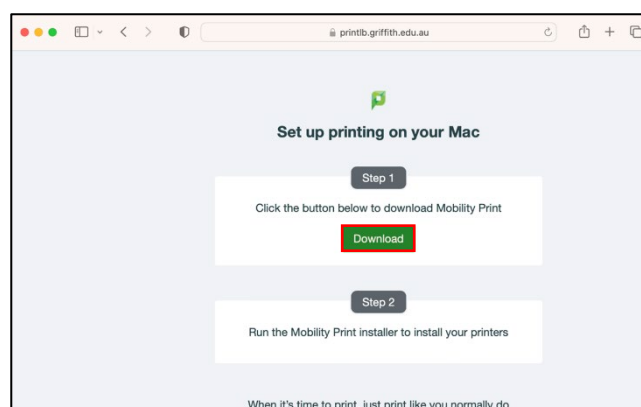

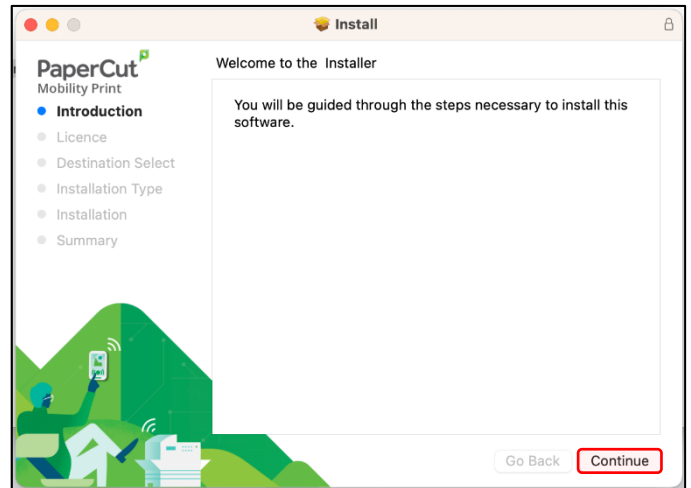

3 Select **Allow** if prompted to allow downloads.
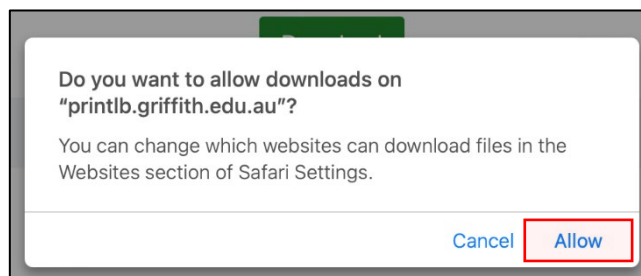

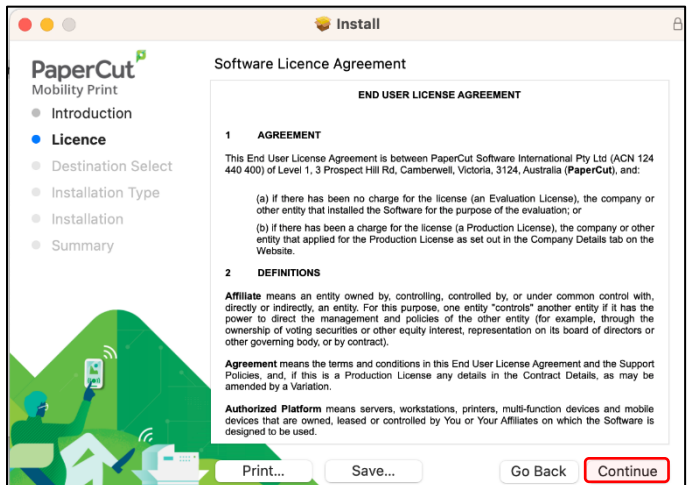

Step 2: Install the PaperCut Mobility Print client
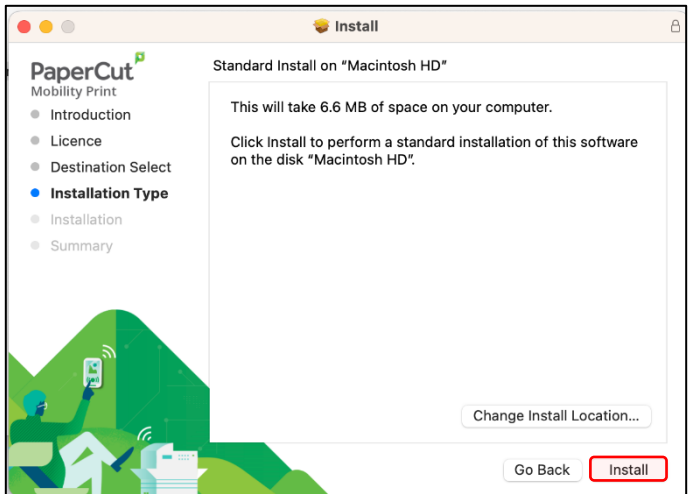

1 Double-click on the downloaded .pkg file to open.

2 Click **Continue**.

**3** Select **Continue** at the Software license agreement to proceed with the installation.

4 Choose the installation location then click **Install** to continue.

5 Enter your credential details for your Mac, then select **Install Software**.

6 The Mobility Print client installation will run.

Once the installation has completed, click **Close**.

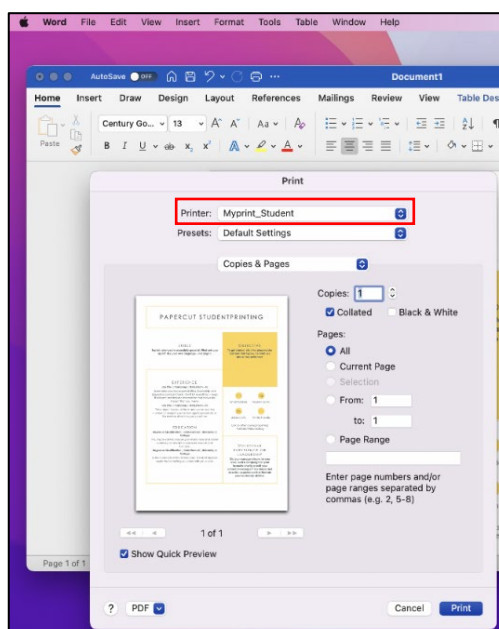

Step 3: Print your document

**1** Open the document you want to print.

Check the print settings are correct (e.g. colour or black and white copies, double or single sided).

Select **Myprint_Student** from the list of available printers, then click **Print**.

Griffith UNIVERSITY
Queensland, Australia

2 **Sign in** with your **Griffith sNumber** and **Griffith password** then select **OK**.

(Recommended) Tick the **Remember this password in my keychain** option.

3 Check if your document has been successfully sent to the print queue by logging in to your **myPrint portal** at https://myprint.griffith.edu.au

Select **Jobs Pending Release** where your print jobs will be listed.

4 Locate a Griffith printer and login using your **Griffith sNumber** and **myPrint PIN**.

5 Select **Print Release** and then **Print**.

6 Remember to **log out** once you have finished printing.
