

SUMMARY

Overall experience

Including highest and lowest scoring questions for each area.

Total responses
588 31.4% of cohort

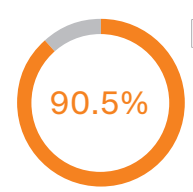

"Overall, how satisfied are you with the quality of your higher degree by research experience?"

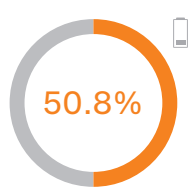

Resources, Facilities and Support

Supervision

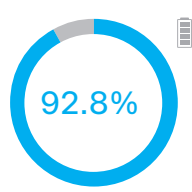

Skills development

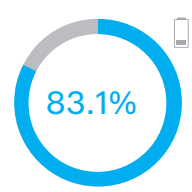

I have access to suitable writing work space (i.e. desk).

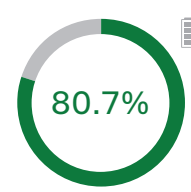

I am satisfied with the opportunities provided to me to develop professional connection.

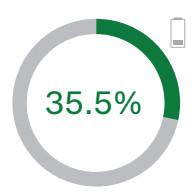

My supervisor demonstrates respect for me as a person.

My supervisor(s) help me identify my training and development needs as a researcher

I am aware of the skills that I am developing through my research that can be applied outside of academia.

There is enough information available about employment opportunities outside of academia.

Comments

"My experience has been very positive. I have thoroughly enjoyed developing my skills and working with my supervisors."
- Doctorate candidate

"An enjoyable experience with like minded people and a positive atmosphere."
- Research Masters candidate

Resources, Facilities and Support

"I am thrilled that everything is provided by Griffith University for my research activities, whether it is any kind of data related to my research or tools and equipment for my research."

Supervision

"I am incredibly fortunate to have the privilege of working under exceptional supervision. Their guidance, experience, expertise, and unwavering support have been instrumental in the last three and a half years. They have consistently provided insightful feedback, encouraged critical thinking, and created an open and collaborative environment that fosters learning and growth."

Skills development

"The skills development seminar series I have attended have all been excellent. Credit to all involved."
