

NOTES FOR THE GUIDANCE OF EXAMINERS OF MASTER OF PHILOSOPHY THESIS

STANDARD FOR THE AWARD OF THE DEGREE

The degree of Master of Philosophy (MPhil) is awarded on the basis of a program of independent supervised study that produces a substantial piece of research in the form of a thesis, dissertation, exegesis or equivalent for independent examination by at least two external expert examiners of international standing.

A thesis is considered to be a report on a scholarly project based on or manifested in rigorous experimental, theoretical, creative, empirical and/or design inquiry.

THE EXAMINATION BOARD

At least two external expert examiners of international standing are appointed to assess the thesis. A member of staff of the University is appointed as Chairperson of Examiners, whose task is to consider the reports of the examiners and make a recommendation to the University on the outcome of the examination.

The thesis examination process is conducted online through the Examiner's Evaluation Workcentre located in the Griffith University home page: www.griffith.edu.au>Griffith Portal>Research>Academic Resources>Evaluation Workcentre:

- Examiners are asked to provide their recommendation on results of examination.
- Examiners are asked to provide a justification for their recommendation and a general evaluation of the thesis. Please note that in the case of competing recommendations, a recommendation may need to be set aside if not supported by a report detailing the justification for the recommendation.

Examiners must make an independent report and recommendation and are asked not to communicate directly with the candidate, the candidate's supervisor/s or each other.

Candidates are provided with copies of reports of the examiners and Chairperson of Examiners with their identity expunged. The identity of the examiners and Chairperson of Examiners will be revealed to the candidate when the examination is concluded. If this policy causes you concern, you are asked not to accept the task of examiner or Chairperson of Examiners.

THE EXAMINATION

In summary, the University's Higher Degree Research Policy enables an examiner to recommend that:

- 1 the degree be awarded to the candidate; or
- 2 the degree be awarded to the candidate subject to minor amendments, including typographical errors, being completed; or
- 3 the candidate be required to submit to an oral or written defence of the thesis; or
- 4 additional work be undertaken, the thesis revised and then resubmitted; or
- 5 the degree be not awarded to the candidate.

Where there is substantial disagreement between the examiners, the University may appoint a third examiner or an adjudicator examiner to consider and report on the thesis and on the reports of the examiners.

FURTHER INFORMATION
