INJURY AND INSURANCE

A player may call for 'time' due to an injury or illness, although the decision to stop play shall be at the sole discretion of the Referee. If a player is injured, it is their or their team mates responsibility to immediately inform the Referee.

For a minor injury, the referee should send the injured player or a bystander to the tournament management for first aid treatment and to collect an Injury Report Form. The injury report form must be completed by the injured or another responsible person before they leave the venue for further treatment.

The referee can stop a game for any period of time to deal with an injury, time for medical emergencies will not be added on to the final half during round games. Should a medical emergency result in less than half the game being played then teams will receive two points each for a 1–1 draw.

For a medical emergency, the referee is to remain with the injured player and send somebody else to inform the tournament management of the emergency.

During time for injury, all players must remain on the field unless involved in a substitution. In the event that a player is bleeding, they must leave the field immediately and not return until the wound has been cleaned and all blood and blood stained items have been removed and covered.

More information regarding injury and insurance information can be found on the [injury and insurance information](#) page.

SAFETY RECOMMENDATIONS

All participants in any Griffith Sport Tournament play at their own risk. Griffith Sport recommends the use of approved injury-reduction items by players during matches.

Arm castes: Individuals are unable to participate in matches if they have a hard medical caste on any part of their body. If a player is unsure whether they will be allowed to take the field/court then contact Tournament Management at least one business day prior to the scheduled match. The match official's decision on game day is final if no confirmation has been sort by Tournament Management.

Glasses: Griffith Sport highly recommends any individuals with vision impairments refrain from wearing standard seeing glasses when participating in any sport competition. Contact lens or prescription sport glasses should be worn as an alternative to prevent injury if a player is struck in the face with a ball.

Jewellery: To prevent injury to oneself and others all jewellery must be removed prior to the commencement of any match. Jewellery includes but is not limited to: rings, watches, bands (including fitness devices), earrings, studs and other piercings. In approved circumstances ear or face studs and piercings can be properly covered instead of being removed. This permission should be sort prior to a match commencing by speaking to Tournament Management. Unless otherwise confirmed in writing prior to the match the referee has final discretion regarding the use or wearing of any forms of jewellery.

Fingernails: Fingernails that are of excessive length need to be cut prior to the commencement of a match so that the nail does not extend past the end of the finger. Approved playing gloves may be worn instead of having the nails trimmed.

Shin guards and pads: Griffith Sport recommends all participants wear shin guards or pads when playing in any soccer competition.

REFUNDS

Refunds are only available if requested at least five working days prior to a tournament's registration closing date at Griffith Sport's discretion. In order to apply for a refund, an

individual or team must submit their case in writing via email to the Tournament Management, taking note of the time frame required. All refunds of this nature will require an administration fee deducted from any fees paid. After this time no refunds are available.

Should a tournament fail to go ahead at all due to limited number of registrations, Griffith Sport will contact all teams and advise of the steps required to get a full refund.

WET WEATHER

In the case of a tournament being rained out, team captains will be contacted by email and sms message. If no communication is received then the tournament will still be going ahead as scheduled.

Griffith Sport will aim to reschedule any rained-out tournaments, although we operate under strict time limitations. If there is an instance where we are unable to reschedule a tournament refunds will be offered to all registered teams.
