

Making the most of your preferences

Bachelor of Paramedicine

To make the most of your preferences it is important to include pathways or related programs as options.

If you are interested in a career in Paramedicine the most direct route is via the Bachelor of Paramedicine, however competition for limited places means that talented applicants miss out every year.

By studying another program for one year and achieving a high GPA, you may increase your selection rank to be competitive for an offer into the Bachelor of Paramedicine. This can be achieved through another program from any discipline, however suggested options include the Bachelor of Biomedical Science and Bachelor of Health Science.

Once you have completed 80CP in a bachelor degree at Griffith (or one year full-time equivalent study), if you still wish to study the Bachelor of Paramedicine you can apply for an internal transfer if you meet the required rank.
