

# SPECIALISED STUDY ABROAD TRIMESTER

2020

*Communications and social science  
Creative arts and design  
Education  
Humanities  
Languages and linguistics  
Law and criminology*

## ***Choose from tailored study themes or pick your own for the ultimate experience in Australia!***

Our extensive range of Study Abroad themes bring together a variety of courses for students with an interest in studying disciplines such as: media and communications, law and crime, education, popular music, digital media, creative arts and design, humanities, languages and linguistics, social science and more.

The courses are drawn from Griffith's programs and combine both theory and practical work to give students an introduction to their chosen field of study.

Meet people from all over the world, enjoy the Australian lifestyle and expand your knowledge and career aspirations. If there is not a study theme that covers your area of interest, you can simply pick your own combination of subjects.

**To access all Griffith courses, visit:**  
[griffith.edu.au/study/courses](http://griffith.edu.au/study/courses)

**Students must complete at least 3 courses with the corresponding course code relevant to the appropriate specialisation.**
