“Overall, how satisfied are you with the quality of your higher degree by research experience?”

### Resources, Facilities and Support

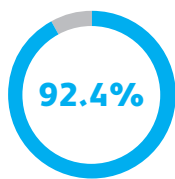

I have the opportunity to attend a program of research seminars / workshops in my School or Research Centre/Institute.

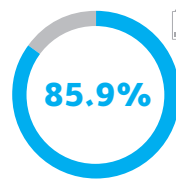

I am satisfied with the opportunities provided to me to develop professional connections relevant to my area of study (such as industry, government, or community organisations).

### Supervision

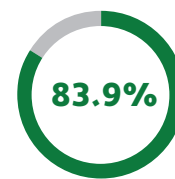

My supervisor demonstrates respect for me as a person.

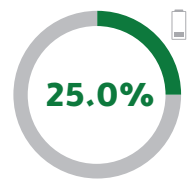

My supervisors make an effort to understand the difficulties I might face that impact my progress.

### Skills development

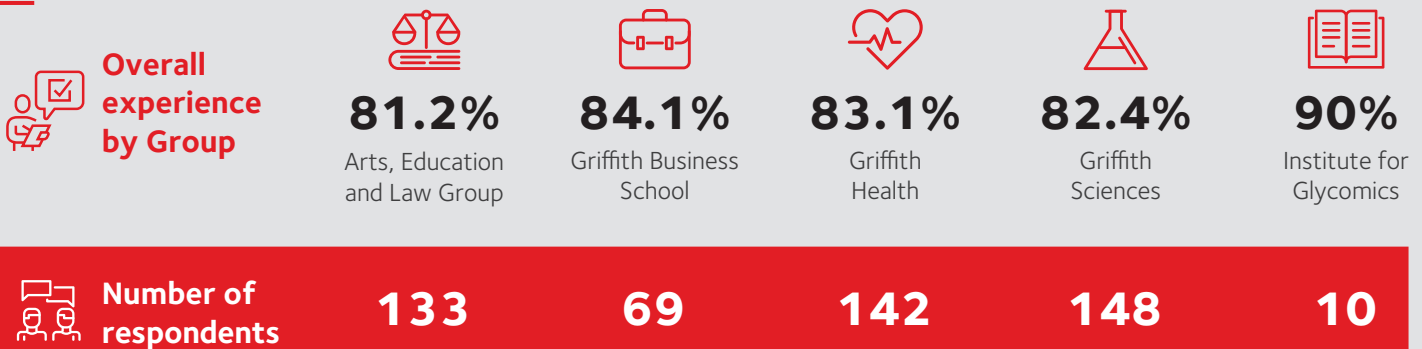

I am aware of the skills that I am developing through my research that can be applied outside of academia.

There is enough information available about employment opportunities outside of academia.
