**Other Information**

How to apply 24  
2020 Key dates 25
We believe that all people, no matter their background, have the potential to excel in study when given the appropriate tools and support to do so.

**Your future starts here**
Our diplomas are designed to provide the best pathway to a selection of professionally recognised degrees at Griffith University.

**Supportive learning environment**
Smaller class sizes for improved interaction with teachers, study skills workshops to develop academic literacy and peer assisted learning are all available to help you succeed in your tertiary studies.

**Progress to second year university**
Study the equivalent of first year university at Griffith College and enter second year of the applicable bachelor degree at Griffith University.¹

**Global connections**
Griffith College students come from all over the world. You will have the opportunity to make friends with other students from many different countries.

**On campus from day one**
You’ll have access to University libraries, student services and facilities, clubs and societies, and retail outlets on campus.

**Fast track your studies**
With our flexible trimester system, you can study the equivalent of the first year of university in only eight months and progress to your bachelor degree sooner.²

¹ Progression requirements apply. Credit varies depending on the pathway chosen. One year of credit may not be wholly applicable to the first year of the relevant bachelor’s degree. Refer to program specific information pages.
² Not all Griffith University bachelor degrees are available for study in Trimester 3.
Mitchell Boland was grateful for the pathway option at Griffith College for his dream degree in the Bachelor of Psychology.

“Griffith College offered me a pathway to study the Bachelor of Psychology when my grades from Year 12 weren’t high enough for direct entry. I love the fact that I am already studying on campus because it means the transition into the university once I graduate from my diploma will be easy.”

**Mitchell Boland**  
*Diploma of Social and Psychological Science*
Why choose Griffith University?

Griffith is known for high impact research, outstanding student experience, commitment to social justice and a welcoming environment.

Learn from the best

Young and ambitious
In university terms, Griffith is young with classes starting 48 years ago. Being a young university means freedom to respect tradition without being restricted by it, which provides for flexibility to adapt to the ever-changing needs of students, industry and the community. And Griffith have the numbers to back this up—the University is ranked 35th in the 2019 QS University Rankings: Top 50 Under 50 and 37th in the 2018 Times Higher Education Young University Rankings.

Australia’s top teachers
You’ll learn from some of the best teachers in the country. Griffith teachers have won more Australian Government awards, citations, fellowships and grants than any other university. Three teachers have even been named Australian University Teacher of the Year.

Get the knowledge that matters

Innovative degrees
Griffith’s future-focused degrees are designed to prepare you for new opportunities in a fast-changing world. The University is constantly innovating, and have introduced Australia’s first degrees in a wide range of important areas, including Asian studies, environmental science, forensic science and aviation.

Work opportunities and industry placements
Griffith students put what they learn in the classroom into practice, with the opportunity for industry experience included in many degrees. Depending on what you study, you could learn through work placements, overseas fieldtrips or industry projects for real clients.

Global connections and overseas study
Griffith degrees have an international focus, preparing you for work almost anywhere in the world. What’s more, at Griffith you’ll have the opportunity to enrich and diversify your degree with an overseas study experience.

Be part of a remarkable community
With over 200,000 graduates, Griffith offers you a passport to a worldwide network of opportunity. Griffith graduates can be found in every field of endeavour, from leading politicians to gold-medal winning athletes, and groundbreaking medical researchers. Across the globe, Griffith graduates are using their skills, knowledge and passion to make remarkable contributions to the world around them.

Researchers at the cutting-edge
Griffith University work with government, industry and the community to find practical solutions to some of the biggest problems facing the world today, including climate change adaptation, chronic disease and crime prevention. Griffith degrees are informed by this cutting-edge research, which means that you gain the latest knowledge, learning alongside people making history in a wide range of specialist research fields.
Pathways to Griffith University

As a Griffith College graduate, you’ll have an internationally recognised, tertiary-level qualification and be prepared for entry into the second year of a Griffith University degree.¹

Griffith College offers two-trimester diplomas that provide an alternative pathway to Griffith University if you’re not eligible for direct entry or you are looking for a supportive entry to tertiary education. After completing your diploma, you’ll be eligible for entry to second year of a Griffith bachelor degree, so you’ll lose no time in graduating.¹

**Foundation program**
We also offer a Foundation Program for students who didn’t finish senior studies in high school and aren’t eligible for entry to a diploma as a mature aged student. You’ll be trained in the knowledge and skills needed for successful university study and be able to acquire prerequisites for specific Griffith University degrees. Griffith College Foundation Program graduates are eligible to apply for direct entry to many Griffith College diplomas and Griffith University degrees.

**Program schedule**
Griffith College operates three trimesters each year with intakes in February, June and October. Not all programs have an October intake; refer to the program details in this guide. Diploma programs and the Foundation Program consist of eight courses studied over two or three trimesters with part-time study options available.

**Mode of study**
You will study on-campus and attend a combination of lectures, tutorials, laboratory sessions, group work and other practical activities, depending on your field of study. On-campus learning means you are required to attend the contact hours specified for each course which is generally four hours per course per week and could be more in some programs.

**Your college pathway to Griffith University**

---

1 Progression requirements apply. Credit varies depending on the pathway chosen. One year of credit may not be wholly applicable to the first year of the relevant bachelor’s degree. Refer to program specific information pages online.
**3 year/240 credit point degree**

Griffith College diplomas are equivalent to up to 80 credit points, or one year of credit towards a bachelor degree at Griffith University. Credit will vary depending on the pathway chosen. Please see individual pathway information for detailed credit allocation.

**Mature age entry**

Finished high school more than 2 years ago? You may be eligible to apply to study as a mature age student. This means that we do not need to see your academic transcripts and can accept the following documentation instead:

- A current CV
- A true and certified copy of your Australian citizenship document – either an Australian passport or birth certificate
- A reference from a current or recent employer indicating your ability to apply yourself to tertiary study
- A 500 word statement from you indicating what you wish to study, your ability to apply yourself to tertiary study and your intention when you complete the program.
Learning and support

Griffith College is committed to providing you with a high quality learning experience by engaging you through a diverse range of personal, academic and professional support initiatives.

Getting settled

Orientation and registration
Orientation is a great time to meet your classmates, get to know your teachers and to look around campus before study begins. In order to make orientation stress free we open class registration a few weeks beforehand so you can sort out most of the paperwork before you arrive on campus. Your orientation program will provide all the information you need to settle in at Griffith College as quickly as possible, so attendance is compulsory. To view the current orientation program, visit griffith.edu.au/college/arrival/orientation

Student mentoring program
Experienced students continuing their studies at the College are appointed as student mentors, and will help you adjust and settle into university study. Their support continues to be available throughout the trimester.

Life and learning

Bridging subjects
Bridging subjects are available if you do not have the prerequisites or assumed knowledge for your chosen program, or would like to revise your knowledge. For more information visit griffith.edu.au/college/bridging-subjects

Maths support
We recognise the importance of strong mathematics foundations in the Engineering, Health Sciences and Science fields and in response, have developed embedded mathematics modules, collectively called ‘Essential Mathematics’, within these diplomas. For more information visit: griffith.edu.au/college/learning-support

Learning support
Our comprehensive learning support framework gives you the best opportunity to succeed in your studies at no extra cost and includes:

- Lecturer consultation – lecturers are available each week to meet with students outside class and discuss course topics.
- Assignment help – student learning advisors are available to talk through assignment questions, essay structuring and writing and referencing.
- Study skills and time management workshops – available throughout the trimester, these workshops focus on developing study skills in areas such as time management, academic writing skills and examination techniques.
- Peer assisted learning – high performing students are available to mentor other students through their courses in a tutoring type format.

Technology and methodology
Teaching and learning is constantly evolving and we are keeping pace by introducing a number of innovative resources in the classroom. Online learning management, video lecture capture and online textbooks are just the start. The College has also integrated new learning techniques such as flipped and blended learning to help deliver content in a way that engages students and develops collaboration and communication skills. You are strongly encouraged to purchase your own laptop/tablet to take full advantage of learning with technology.

Welfare guidance
Assistance is always close-by. You can access free and confidential welfare and counselling services from our team of experienced staff. They can help you adjust to your new life as a student, and cope with personal stresses or concerns.

Transition to Griffith University
Every trimester, the College holds a graduation ceremony for students who successfully complete their Griffith College program. We also hold information sessions to help students progress to their degree program at Griffith University. For more information on student support services visit griffith.edu.au/college/student-services
There is so much to experience during your time as a Griffith student; from getting the most out of library and learning facilities, to taking part in social and sporting activities and making new friends.

Location
As a Griffith College student, you are so close to Griffith University you are already there. Griffith College is located on Griffith University’s Mt Gravatt and Gold Coast campuses.

The Mt Gravatt campus is situated in tranquil bushland with panoramic views, providing the perfect atmosphere to relax with friends or focus on some extra study.

Griffith’s Gold Coast campus is the largest of the University’s five campuses and boasts a range of new, state of the art facilities. Visit griffith.edu.au/college/arrival/our-campuses

Transport and parking
Public transport
Both campuses are well serviced by public transport connecting you to major commercial areas and the rest of the transport network. Visit translink.com.au for information.

Parking
If you plan on driving you will need a parking permit between 8am and 7pm Monday to Friday. Visit griffith.edu.au/college/arrival/our-campuses for information on where to park and permits.

Cycling
If you cycle, then you are in luck - free bicycle parking rails are located on all campuses.

Accommodation
Griffith provides both on and off-campus accommodation options. Off-campus share housing is the most common option. Privately managed and close to campus, you can find three to six bedroom options with furniture included. On-campus accommodation is available at both campuses, with semi-catered and non-catered options, including utilities. Visit griffith.edu.au/college/arrival/accommodation

Clubs and societies
Griffith University has over 120 clubs in cultural, religious, political, educational, sporting, professional and special interest areas. Getting involved in a club will help you to meet new people, pursue a special interest or hobby and develop new skills. Visit griffith.edu.au/clubs

Sport and fitness
Griffith University offers many sporting facilities and competitions. You can join Griffith Sport for social sport competitions and purchase student memberships for facilities including gyms, tennis courts and aquatic centres. Visit griffith.edu.au/sport

Disability support
If you have a disability you can access support from the College. Please contact us upon application to ensure we make your time at the College enjoyable and successful.
Email admissions@griffithcollege.edu.au
On the path to an international career

Ramona Petrilla is currently studying the Diploma of Hotel Management at Griffith College. Upon graduation she hopes to move to the Gold Coast to continue her hospitality studies in the Bachelor of International Tourism and Hotel Management. ‘With this degree I hope to become a hotel manager on the Gold Coast, and maybe work overseas in other hotels as well.’

‘I decided to study at Griffith College because I felt that it would offer a great foundation for my education. I am also using the experience I am gaining in studying my diploma to help direct my choice of bachelor degree. Studying at Griffith College has given me a glimpse of university life and has helped to prepare me for my undergraduate studies.’

Ramona Petrilla
Diploma of Hotel Management
Our programs

At Griffith College we offer three levels of programs all progressing to Griffith University with varying amounts of credit.

Foundation
The Foundation Program provides a bridge between secondary school and undergraduate studies. Upon graduation you can enter the first year of a broad range of bachelor degrees or progress to a diploma to bachelor pathway with up to a year of credit.

Diploma
If you are not eligible for direct entry to university, a Griffith College diploma pathway is your best alternative.

Each diploma program provides a pathway to second year of the associated Griffith University degree. An extended range of degree pathways with varying amounts of credit are also available, and outlined in this guide.

Abbreviations

Campuses
G = Gold Coast
L = Logan
M = Mt Gravatt
N = Nathan
S = South Bank

Trimester intakes
1 = February
2 = June
3 = October

Study modes
F = Full-time study
P = Part-time study

Other
QTAC = Queensland Tertiary Admissions Centre
N/A = Not applicable

“One of the strategies we use in class to provide real-world experience is business simulation. Students work on real cases, for example, a Mt Everest climb, whereby they work in teams to create a strategy and present a plan to successfully climb the mountain as efficiently and effectively as possible. This develops strategy and budgeting skills as part of their studies.”

Aaron Ruutz
Senior Program Convenor, Diploma of Commerce

Associate degree
The Associate Degree in Commerce and Business is a two-year program leading to the third year of specified Griffith University commerce and business degrees.

Griffith College Diploma of Commerce and Diploma of Hotel Management graduates who do not meet degree progression requirements are eligible to progress to the Associate Degree with credit.
Foundation Program

About this program

Our Foundation Program is equivalent to Year 12 (senior high school) and provides a bridge between secondary school and undergraduate studies. This program has been designed to adequately prepare you for entry to university-level programs in the fields of Arts, Business, Commerce, Design, Engineering, Health, Hotel Management, Information Technology and Science.

What you can study

High school level accounting, biology, chemistry, computing, intercultural studies, management, marketing, mathematics, study of society, media and information systems.

Why study communication and journalism at Griffith University?

Guided by experienced educators, Griffith students are prepared for careers in all forms of the media, with excellent job prospects for online, print, radio and television work.

Studying arts and communication at Griffith, you’ll develop a deeper understanding of communication best practice and how to connect with a wide range of audiences to get your story across. You’ll also have unparalleled access to internships and practical experiences to enhance your skills because Griffith has more connections with industry internships in Journalism and Public Relations than any other Queensland university.

- Doing criminology
- Homicide
- Introduction to forensic psychology
- Law, government and policy

Queensland’s first female Police Commissioner in 159 years is Katarina Carroll, a proud Griffith University graduate. Katarina studied Bachelor of Arts in Criminology and Criminal Justice Studies and was the recipient of the university’s inaugural Outstanding Alumnus Award in 2018. A trailblazing role model for women in the male-dominated police and fire services, Katarina also became Australia’s first female fire commissioner in 2015 after spending time as Police Assistant Commissioner in 2010 and responsible for security at the 2014 G20 Summit in Brisbane.

“I had heard from friends that Griffith College was a great introduction to university life and my experiences have certainly lived up to expectations. The smaller class sizes are more personalised and it is a great environment to learn in. I have had fantastic relationships and support from both my teachers and peers at the College and these people have all helped me achieve my goals and full potential.”

Chelsea Sherrard-Smith
Diploma of Health Care
I enjoy studying...
Chemistry, physics, anatomy, biology, genes and diseases, medical science

I’d like to work as a...
Exercise physiologist, strength and conditioning coach, nutritionist, occupational therapist, speech pathologist, health educator, sports facilities manager, pharmacist

I’d like to work in...
Private and public hospitals, community health services, health promotion, injury treatment and rehabilitation, sports management, coaching

### Why study IT at Griffith?

Griffith’s School of Information and Communication Technology is one of the most highly ranked schools in Australia for teaching quality. (Good university guide: Ratings and Rankings 2018)

The Bachelor of Information Technology includes a work integrated learning component where you will have the opportunity to broaden and practice your skills within an industry placement.

As a graduate, you’ll be eligible for membership of the Australian Computer Society.
Diploma of Science

I enjoy studying...
Biology, mathematics, genetics, biochemistry, chemistry

I’d like to work as a...
Bioengineer, cancer researcher, environment consultant, forensic chemist/toxicologist, laboratory assistant, microbiologist, neuro scientist, DNA expert, pathologist, veterinarian, wildlife biologist

I’d like to work in...
Hospitals, medical research institutes, biotechnology and pharmaceutical companies, environmental organisations, government departments and agencies, electricity companies, oil and mineral exploration, technology development, criminal justice, wildlife biology, marine biology

Conditions of enrolment and policies and procedures

All Griffith College programs are delivered face-to-face. Griffith College has a number of policies and procedures in place to ensure compliance with Government regulatory requirements, including conditions of enrolment. These are accessible at policy.griffithcollege.edu.au.

Endnotes

∆ This fee applies to Australian citizens and permanent residents. Program fees are subject to change.
≈ Students will progress to their bachelor degree upon completion of their Griffith College diploma with a GPA equivalent to the QTAC cut-off rank required for entry to the bachelor. Contact QTAC for information on tertiary GPA to rank equivalencies and for selection ranking cut-offs.
‡ Not all majors are available at both campuses.
† Credit availability depends on the major chosen within the degree.
* Subject specific knowledge we assume you already have upon entry to the program. If you do not have this knowledge you will still receive an offer to study, and can choose to take our bridging subjects to catch up. Visit griffith.edu.au/college/admissions/bridging-subjects
√ Quota of 100 places for the Bachelor of Nursing.
‡ Quota of 20 places for the Bachelor of Pharmacy.
β Quota of 10 places for the Bachelor of Medical Laboratory Science; 5 places for the Bachelor of Nutrition and Dietetics and Bachelor of Paramedicine and 2 places for Bachelor of Physiotherapy and Bachelor of Occupational Therapy.
§ A quota of 5 places for Bachelor of Counselling for Mount Gravatt only.
~ Higher amount of credit applied if 2008EHR Business Communication course completed within the Diploma of Commerce.
Decided what you want to study? Apply online at qtac.edu.au

1 Select your program
Explore your options using this guide and the program information on the website griffithcollege.edu.au

2 Check the assumed knowledge for your program and any additional requirements
Assumed knowledge
In assessing you for admission to Griffith College diplomas, we do not require prior completion of specific subjects. Rather, we assume you already have this knowledge, gained through previous studies or experience. This is referred to as “assumed knowledge”.

If you haven’t completed studies in the “assumed knowledge” areas for your chosen program, you are still eligible for an offer to study with us. However, we strongly encourage you to take one of our bridging subjects to help you catch up. You can take bridging subjects in your first trimester alongside your regular courses.

If you do not have the assumed knowledge and do not undertake a bridging subject, you may experience difficulty with some aspects of your program. For more information on bridging subjects visit griffith.edu.au/college/bridging-subjects

Additional entry requirements
Some pathways have additional entry requirements, which are listed in this guide.

3 Prepare your application
Australian and New Zealand citizens and permanent residents of Australia should apply through the Queensland Tertiary Admissions Centre (QTAC). When applying for a program via QTAC, you will need to use a QTAC code when referring to your chosen program. These are listed against each program and degree in this guide.

For further information and to lodge your application online visit qtac.edu.au

If you are a mature aged applicant who may or may not have finished high school, you can apply anytime directly to Griffith College and provide evidence of life and work experience online at griffithcollege.edu.au

4 Find out about study costs and financial assistance
Tuition fees are listed with each diploma in this guide and up-to-date fees are also published on the website griffithcollege.edu.au

As Griffith College is an accredited Higher Education Provider (HEP), students can access the Government’s FEE-HELP loan scheme, provided they meet eligibility criteria. The scheme lets eligible students borrow all or part of their tuition fees. For more information visit studyassist.gov.au

5 Accept your offer and enrol
QTAC offers will be released progressively prior to each intake – check the QTAC website for details. We recommend that you accept your offer and enrol as soon as possible to secure your place. This will also allow you to build your timetable and confirm your booklist.

That’s it—you’re in! We will contact you before the trimester starts to give you information about orientation.
