“Overall, how satisfied are you with the quality of your higher degree by research experience?”

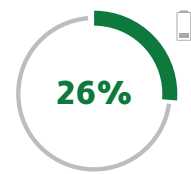

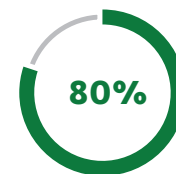

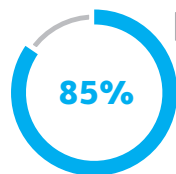

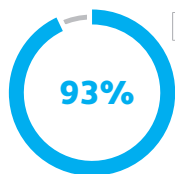

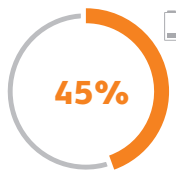

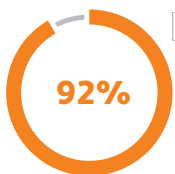

79%

Resources, Facilities and Support

Supervision

Skills development

I have access to the library resources I need.

I am satisfied with the opportunities provided to me to develop professional connections relevant to my area of study (such as industry, government, or community organisations).

My supervisor demonstrates respect for me as a person.

My supervisors make an effort to understand the difficulties I might face that impact my progress.

I am aware of the skills that I am developing through my research that can be applied outside of academia.

There is enough information available about employment opportunities outside of academia.
