At Griffith, we believe in, strive for and celebrate the Remarkable.
Welcome to Griffith

Griffith was created to be a different kind of university, and we know success often comes from being an exception to the norm—challenging convention, adapting and innovating, creating bold new trends and pioneering solutions ahead of their time.

Since we started teaching, we’ve been deeply connected to the Asian region, socially conscious and environmentally aware.

Ranking in the top 3% of universities globally, we offer future-focused degrees that are developed in consultation with industry, based on cutting-edge research, and taught by Australia’s most awarded teachers.
Study in a world-class environment

Ranked in the top 3% worldwide

With highly awarded teaching staff, expert researchers, a comprehensive suite of degrees spanning all disciplines, and outstanding campus facilities, Griffith is a world-class university. In three of the largest and most credible world university rankings, we’re ranked in the top 300—placing us in the top 3% worldwide.

- Times HE World University Rankings: 251–300
- US News Best Global Universities: 265
- University Ranking by Academic Performance: 296

Young and ambitious

In university terms, Griffith is young—we started teaching just over 40 years ago. Being a young university means we have the freedom to respect tradition without being restricted by it, which gives us the flexibility to adapt to the ever-changing needs of students, industry and the community. And we’ve got the numbers to back this up—we ranked 32nd in the 2018 QS University Rankings: Top 50 Under 50 and 35th in the 2017 Times Higher Education Young University Rankings.

Learn from the best

Australia’s top teachers

At Griffith, you’ll learn from some of the best teachers in the country. Three of our teachers have been named Australian University Teacher of the Year. In the last five years, our teachers have won more Australian Government awards, citations and fellowships than any other university.

Since 2012, we have won:
- two Australian University Teacher of the Year awards
- seven awards for Teaching Excellence
- three awards for Programs that Enhance Learning
- 34 Citations for Outstanding Contributions to Student Learning
- seven National Teaching Fellowships.

* Based on Learning and Teaching results from the Department of Education and Training.

Five stars for educational experience

In 2017, Griffith was awarded multiple five star ratings from the Good Universities Guide, an independent guide to Australian higher education. These include five stars for: overall educational experience, staff, teaching quality, student support, learning resources and skills development.

Researchers at the cutting edge

We regularly work with government, industry and the community to find practical solutions to some of the biggest problems facing the world today, including climate change adaptation, chronic disease and crime prevention. Our degrees are informed by this cutting-edge research, which means that students gain the latest knowledge, learning alongside people making history in a wide range of specialist research fields.

Griffith teachers have won more national awards and citations than any other university in Australia in the last five years. Three Griffith teachers, including Brydie-Leigh Bartleet (pictured above) have been named Australian University Teacher of the Year.

Why choose Griffith?

We’re known for our high-impact research, outstanding student experience, commitment to social justice and welcoming environment.
We believe in the potential for all people to be remarkable— to be courageous, to capture opportunity, to make a difference and change the future forever.

Get the knowledge that matters

Innovative degrees
Our future-focused degrees are designed to prepare you for new opportunities in a fast-changing world.

We’re constantly innovating, and have introduced Australia’s first degrees in a wide range of important areas, including: Asian studies, environmental science, forensic science, aviation, Australian Indigenous arts and dental technology.

Work opportunities and industry placements
Griffith students put what they learn in the classroom into practice, with the opportunity for industry experience included in many of our degrees. Depending on what you study, you could learn through work placements, overseas fieldtrips or industry projects for real clients. See page 06 for details.

Global connections and overseas study
Our degrees have an international focus, preparing you for work almost anywhere in the world. What’s more, at Griffith you’ll have the opportunity to enrich and diversify your degree with an overseas study experience or by learning a language. See page 10 for details.

Take control of your study

Trimester academic calendar
At Griffith, we teach across three 12-week trimesters, rather than two semesters, each year. Our trimester system offers you more flexibility and control, with the option to pace your study to suit your needs, or fast track your degree and get a head start on your career.

Foundation first year
Your first year of study is foundational and it’s a great time to get to know the students you’ll be studying alongside for most of your degree.

Be part of an exceptional community
With more than 200,000 graduates, Griffith offers you a passport to a worldwide network of opportunity. Our graduates can be found in every field of endeavour, from leading politicians to gold-medal winning athletes, and gifted musicians to groundbreaking medical researchers. Across the globe, Griffith graduates are using their skills, knowledge and passion to make remarkable contributions to the world around them.

‘Griffith University provided me with the knowledge, networks and understanding of the criminal justice system to enable me to feel confident in embarking on my career within the Probation and Parole Service.’
Remarkable graduate

Criminology and Criminal Justice Young Alumnus of the Year Finalist in 2016, Tygh Field is currently serving as Director of Operations, Probation and Parole for Queensland Corrective Services where he provides leadership and direction to the Queensland’s Probation and Parole Service. Tygh oversees the implementation of strategic and government policy, providing operational and strategic support to Senior Management and ensuring effective relationships with stakeholders to work towards enhanced outcomes for people subject to parole and community based orders. After graduating in 2004, Tygh joined Corrective Services as a case management officer where he piloted a new model of probation and parole prior to its full roll-out in July 2007. He supervised a case load of high risk offenders, undertook court advisory functions and facilitated offender rehabilitative programs and was promoted to a supervisory role after only two years. Tygh’s service was recognised in 2010 when he was awarded an Australia Day Achievement Medallion for his contribution to corrections and public safety. Most recently, Tygh has been working with other Government agencies on the implementation of the new Queensland Drug and Alcohol Court, a new Work and Development Order scheme and rolling out an Electronic Monitoring system for Parolees.

Tygh Field
Criminology and Criminal Justice graduate
Industry connections

Griffith offers a range of amazing learning opportunities through our industry connections. You’ll put what you learn in the classroom into practice and graduate with valuable contacts and the skills, knowledge and experience employers want.

Relevant degrees and industry teachers

Griffith maintains strong links with industry to ensure we develop and deliver relevant courses based on the latest market trends and employer demand. When you study with Griffith, you’ll learn the latest trends from industry professionals, and meet the requirements for professional registration in Australia. You’ll also learn from teachers with extensive industry experience and from guest lecturers.

In Griffith Business School alone we have more than 90 adjunct professors (industry professionals who teach students), while more than 400 medical and health practitioners from outside the university have contributed strongly to Griffith Health’s teaching and research.

Partnerships and collaborations

Our partnerships unlock all kinds of opportunities for students. The School of Criminology and Criminal Justice has a number of successful partnerships with government bodies as well as public and private organisations. Through our partners, we offer unique learning experiences for students and connect with industry to work on cutting-edge research projects, provide advice and solve social problems. Our partners include Queensland Police Service, Queensland Health, Queensland Parliamentary Service, Department of Justice and Attorney General, Energex, Brisbane City Council, Domestic Violence Prevention Centre, Brisbane and Southport Courts, Queensland Corrective Services, IBM Security and more. griffith.edu.au/industry

Industry connections

The School of Criminology and Criminal Justice offers you the opportunity to connect with industry from your first year through a range of activities both on and off campus. During your degree, you will have guest lectures from several industry representatives who will showcase your broad career outcomes. High achieving students also have the opportunity to apply for scholarships to attend conferences and symposiums where they will be exposed to research from academics and industry on a range of topics. Additionally, at Griffith, we have a very active Criminology Student Society who organise industry events every trimester.

These include:

- Workplace tours including prisons, youth detention centres and the Police Academy.
- Lunch with industry professionals — giving students the opportunity to network and ask questions.
- Presentations from industry e.g. Queensland Police dog squad.
- Night of Crime, where a police detective will walk students through how they solved a closed case.

Practical experience

At Griffith, you’ll have the opportunity to gain practical experience working on real projects with leading employers. You’ll build your skills and make critical contacts and networks through our work-integrated learning programs and key industry links. Our Criminology Professional Practice course gives you an insight into the criminal justice system by working in an agency matched to your interests. Industry partners include departments in policing, communities, health, justice, security and corrections. The School of Criminology and Criminal Justice also encourages students to get out into the community and volunteer during their degree—offering placements at a variety of organisations.

Careers and employment events

A range of industry events and networking functions throughout the year gives you the opportunity to meet professionals and potential employers from the field you are hoping to enter. Enhance your profile in your industry before you graduate and give yourself the best chance of success. Events are listed at griffith.edu.au/careers

‘I chose Griffith because it’s the best criminology degree. There are so many opportunities available to students, so many good lecturers and tutors, and you can draw on their networks to help get you to the places you want to be.’
Making a difference

Criminology graduate Tailor Holst works as a Custodial Officer at the Brisbane Women’s Correctional Centre. She says she loves her job. ‘I work with prisoners on their rehabilitation by helping facilitate and refer them to programs they may need, be it anger management, drug-related, domestic violence, counselling or others,’ Tailor says. Tailor drew on one of her tutor’s networks to arrange volunteer work at Numinbah Correctional Centre doing programs and activities with the prisoners while she was still studying. ‘That’s what inspired me to get into the job I’m in now.’ Tailor says that completing her criminology and criminal justice degree has been a vital asset in her work. ‘Griffith helped me with understanding discourses and behaviour of prisoners.’ She says that criminology helps her understand the prisoners and how best to communicate with them. ‘You learn a lot about mental illness, situational awareness and understanding legislation.’ Tailor hopes to progress her career within Corrective Services.

Tailor Holst
Bachelor of Criminology and Criminal Justice graduate
Kick start your career

Whether you’re preparing for your future career, or looking for a casual or part-time job while you’re studying, we can help you get job ready.

At Griffith, you don’t need to wait until you graduate to get started on your career.

Careers and Employment Service
The Careers and Employment Service will help you from first year onwards. We can help you find a part-time job while you’re studying and provide you with tips for landing your first graduate job. You’ll also learn about the importance of professional networking and using social media in your job search, and you’ll get the latest information on job vacancies, recruitment trends, employers and career options. Our online resources are a great start to find out what you need to know to find a job. Keep in touch with us on social media throughout your degree and beyond to make the most of the extensive information and opportunities we have to offer.

We also offer career development seminars and support as well as host an extensive list of employers on campus throughout the year. Find out more at griffith.edu.au/careers

UniTemps
Griffith UniTemps is a temporary staffing service providing work opportunities that fit with your studies on campus and with local businesses. Griffith students can register with UniTemps to access a broad range of general and degree-related vacancies. These can help you support yourself through your degree and gain valuable skills to improve your employability before and after you graduate. Find out more at griffith.edu.au/unitemps

LinkedIn
As part of Griffith’s focus on student employability, the Careers and Employment Service has released a LinkedIn eModule designed to equip students and graduates with the skills to create an optimised online professional profile. A presence on LinkedIn provides the opportunity to connect with industry professionals, employers and alumni to identify and build career opportunities. Employers are increasingly using the platform to search for suitable candidates. Find out more at griffith.edu.au/careers

‘Ensuring students maximise their networking opportunities with key industries is something Griffith is very supportive of, plus their unique criminology/criminal justice program is world renowned.’
**International exchange**

Griffith University student Tim O’Dea is embarking on an international exchange program to the United Kingdom. Tim will spend six months with Plymouth University in England’s south-west, as part of a Forensic Science/Criminology and Criminal Justice double degree. ‘When I left school I eventually realised there were opportunities to combine my passion for the work undertaken by the Queensland Police Service with a long-held love of science. Ensuring students maximise their networking opportunities with key industries is something Griffith is very supportive of, plus their unique criminology/criminal justice program is world renowned, so I know I’m not short-changing myself within my studied programs.’

**Tim O’Dea**  
Forensic Science/Criminology and Criminal Justice
Global opportunities

Enrich and diversify your degree with an international learning experience.

Study overseas
Challenge yourself, impress potential employers, learn a new language, make lasting international connections, expand your cultural horizons, and discover amazing places. Through our Global Mobility program, we offer a variety of global learning experiences to diversify your degree and enhance your graduate outcomes.

As a Griffith student, you may have the opportunity to spend as little as one week, or as long as one year, participating in an overseas program as a part of your study. Across more than 50 countries, the following opportunities are available to eligible students:

- trimester, winter and summer exchange
- global internships
- international volunteering
- overseas short courses
- academic-led study tours and field trips
- clinical placements
- research practicums
- overseas conferences and workshops.

Study Abroad Scholarship
The School of Criminology and Criminal Justice Study Abroad Scholarship provides financial support of up to $5000 for eligible students to study criminology-related subjects.

More information
Find out if you're eligible, how to apply, where you can go and what financial assistance is available at griffith.edu.au/go-global

Griffith Mates
Griffith Mates is a vibrant team of current Australian and international students who speak around 30 different languages. The team welcomes thousands of international students each year, helping them adjust to university life in Australia through a range of community events and activities. Griffith Mates is a great way to practise your English, make new friends and find your way around campus. Find out more and get involved at griffith.edu.au/mates

Add a language to your degree
At Griffith, you can learn a language while you’re studying overseas on exchange, or study a language through the Diploma of Languages, which you can undertake alongside any bachelor degree.

‘It expanded my knowledge and essentially changed my outlook on the world. Studying abroad really is an experience unlike any other.’
Broadening horizons

Megan Farmer's study abroad experience to the University of Leeds in the UK led her to re-evaluate her career goals. "I've moved away from corporate law firms to thinking about how to tackle the real issues I have faced during my engagement with the global community, such as the treatment of refugees and immigrants and the serious emerging threat of terrorism." It also provided her with the opportunity to expand her knowledge in different fields of study. "I had a few free choice electives as part of my double degree so I was able to branch out and try new subjects that I wouldn't have tried at home." It also enabled her to travel the world in a way she never imagined. "Visiting fifteen different countries in six months both with friends and solo really helped me grow as a person. A highlight was my trip to Iceland where I saw the Northern Lights which was a huge tick off the bucket list and the country itself was just amazing!" She came back a changed person. Her advice to those considering a study exchange? If you're worried about how to afford it, she suggests looking into all the grants, scholarships and overseas HELP loans that are available to help ease that pressure.

Megan Farmer
Bachelor of Laws/Bachelor of Criminology and Criminal Justice
Student experiences

Criminology students at Griffith enjoy a wide range of experiences that get them out of the classroom and into the field.

The Criminology Student Society

The Criminology Student Society enriches the academic and social experiences of students. The student-run society organises academic events that give you the chance to network with industry and gain insight into future career pathways, as well as letting you kick back, relax and meet your fellow students and staff at social events such as bowling nights, pub crawls and an end of year ball.

The School of Criminology and Criminal Justice’s strong industry connections allow the Criminology Student Society to organise exclusive events every trimester. These include men’s and women’s prison tours, youth detention centre tours, Queensland Police Academy and headquarters tours, lunch with industry professionals and Night of Crime events where a detective or senior constable walks the students through the process of how they solved a real case.

Visit the Criminology Student Society’s Facebook page for more information—facebook.com/criminologystudentsociety

Professional Practice

Taking part in the Griffith Criminology Professional Practice course set the wheels in motion for Willow Bryant to pursue her goal of working in research. Graduating in 2012, Willow previously worked as a Research Officer for four years at the Australian Institute of Criminology, primarily on the National Homicide Monitoring Program. She currently works as a Data Analyst at the Australian Institute of Health and Welfare.

Willow Bryant
Bachelor of Criminology and Criminal Justice (Honours)
Our students get to apply their knowledge in practical environments, but they also have the opportunity to make friends and form valuable networks.

Academic Excellence Society
The School of Criminology’s Academic Excellence Society (ACES) provides unique opportunities for high-achieving students. Members receive exclusive perks including access to leadership and academic conferences, travel and accommodation to student forums, career guidance and meetings with industry professionals and a professional reference for the student at the completion of their degree.

Mentoring
We can help with your studies and career development through mentoring and study assistance programs, including the Griffith Industry Mentoring Program and peer assisted study sessions (PASS).

PASS is a free program that offers structured and enjoyable group learning sessions for selected courses. The weekly one hour study sessions begin in week two and run during the first two trimesters.

The sessions are facilitated by students who have previously achieved excellent results in the course and who have attained national accreditation for their role as PASS Leader. Find out more at griffith.edu.au/students/peer-assisted-study-sessions/study-sessions/arts-education-law

The Griffith Industry Mentoring Program can match you with an experienced professional from industry, giving you first hand insights into their chosen profession. Find out more at griffith.edu.au/careers-employment/go-further/industry-mentoring

Learning on the job
Learning on the job through our Work Integrated Learning program is an important part of our Bachelor of Criminology and Criminal Justice.

In your final year, you can complete the Professional Practice course, which offers students the opportunity to work with leading employers such as the Queensland Police Service, Probation and Parole, Department of Justice and Attorney General, Suncorp and Energex.

Careers evening
Discover exciting criminology career paths and hear from graduates about their experience at our careers evening. You will learn more about the degree and find out where it can lead you. You’ll also have the chance to speak to representatives from the industry bodies that employ our graduates and hear what it is like to work in the field—from state and federal policing and intelligence, to corrective services, anti-corruption bodies, the corporate world and beyond.

Industry engagement
As a criminology and criminal justice student, you’ll be invited to attend leading industry conferences and hear from national and international experts. These include conferences and symposia in fields such as homicide, youth violence, forensic mental health, sexual offending, restorative justice, and environmental criminology.

‘The Professional Practice course I did during my undergraduate study meant we got to go out and experience different fields of work. This was invaluable in helping me decide what type of career I wanted in criminology.’
Top reasons to study criminology at Griffith

g riffith.edu.au/criminology

1. **Proven teaching and flexible study options**

Students rate our degrees among the best in Australia for overall satisfaction and teaching quality. Criminology research at Griffith was rated the highest level—“well above world standard”—in the 2015 Excellence in Research for Australia study. Our highly awarded teachers and innovative courses will help you launch your criminal justice career. You can choose to study on-campus, online, or a combination of both to suit you, giving you the chance to fit your learning style with your lifestyle.

2. **Largest and internationally renowned**

Our School of Criminology and Criminal Justice is the largest in Australia, with leading academics from Australia and abroad. We are the only Australian School of Criminology that is a member of the Global Criminology Network, with partner schools in the USA and the Netherlands. Internationally renowned for ground-breaking research, innovative and flexible teaching, and close collaboration with practitioners and employers, we draw on expertise in sociology, psychology, law, policing, public policy, information technology, geography, history and social work, giving you the opportunity to pursue your area of interest.

3. **Professional practice makes perfect**

Our degrees focus on skill proficiency and gaining a deep understanding of the criminal justice system. Every course will provide an opportunity to demonstrate your understanding of research or policy in an applied setting. Furthermore, our professional practice course gives you an insight into the criminal justice profession through working in an agency matched to your interests. Industry partners include agencies in policing, communities, health, justice, security and corrections. You’ll develop skills and experience working on real projects with leading employers.

‘The subjects in this degree help you understand social problems within the community and apply an understanding to real world issues’.

You can also choose some non-criminology electives, for example in languages, journalism and international relations. You’ll also have opportunities to study abroad and receive credit for your degree.

In your final year, you’ll have the option to complete a professional placement. Our Professional Practice course gives you an insight into the criminal justice profession through working in an agency matched to your interests. Industry partners include agencies in policing, communities, health, justice, security and corrections. You’ll develop real skills and experience working on real projects.

We are leaders in online criminology education, and you can choose to mix and match courses on-campus and online to suit your commitments. Our lecturers provide support and encouragement however you choose to study.

Professional recognition
As a graduate, you’ll be eligible to join the Australian and New Zealand Society of Criminology.

Career opportunities
You’ll find opportunities in policing and security, intelligence, probation and parole, child protection, crime analysis, courts and justice services, crime prevention and regulatory agencies. You’ll be prepared for a career in areas such as law enforcement, working directly with offenders in welfare and counselling roles, and in criminological research and policy roles.

Since graduating from Griffith University Tom has worked in several areas of the criminal justice system where he uses the skills gained during his criminology degree to help the community. Tom says that several of his courses directly assist him in dealing with his daily activities. ‘I’ve worked in Probation and Parole which was the stepping stone for gaining insight into understanding criminal behaviour and how these behaviours affect the general community. I later transferred to the immigration sector working in security. After a short stint as a general officer I was promoted to Manager of Security of the facility. Moving on from security I was afforded the opportunity to work as a Child Safety Officer’. Tom says working with families is rewarding. ‘You are working together to reunite children with their families to ensure ongoing safety and security for young children’.

What you’ll study

In this innovative and specialised double degree, you’ll learn about the causes of crime and society’s response to it, whilst developing a core of IT technical knowledge related to Information Systems and Network Security. Graduates of the degree will have a broad and coherent body of knowledge in the fields of criminology and criminal justice, including an in-depth understanding of various theoretical frameworks underpinning the study of criminal behaviour, victimisation and criminal justice responses to crime, and the role technology plays in committing and preventing crime.

Additionally, you’ll have an in-depth knowledge of the underlying principles and concepts of:

- Information and Communication Technology (ICT) problem solving—how to use modelling methods and processes to understand problems, handle abstraction and design solutions
- ICT professional knowledge—ethics, professionalism, teamwork concepts and issues, interpersonal communication, societal issues/legal issues/privacy, history and status of discipline
- technology building—programming and human–computer interaction
- technology resources—hardware and software fundamentals, data and information management, and networking.

Professional recognition

This is an Australian Computer Society accredited degree. As a graduate, you’ll also be eligible to join the Australian and New Zealand Society of Criminology.

Career opportunities

You will find opportunities in police and law enforcement, corrections, intelligence data collection and analysis, network security, digital forensics, crime prevention, non-police law enforcement and investigations.

‘University has taught me that if you apply yourself and want something badly enough you will achieve your goals.’

Criminology 2019 undergraduate study guide
Exceeding expectations

Thomas Spalding began his Criminology and Information Technology double degree in 2017. ‘Originally I chose criminology because I had an interest in the field but while studying I thought I might brush up on IT because cybercrime has a lot of potential for jobs.’ Thomas also says that the double degree has exceeded his expectations from both an academic and a social perspective. He hopes to work in fraud and cybercrime detection for a private institution before eventually moving into a role with the Australian Federal Police. ‘University has taught me that if you apply yourself and want something badly enough you will achieve your goals.’

* 4.5 years full-time equivalent offered over 4 years full-time.
^ Criminology courses and electives are also offered on the Gold Coast campus.

What you’ll study
With this double degree combination, you’ll develop a broad understanding of how crime is managed in society. In the forensic science component, you’ll learn about handling criminal casework in forensic biology and forensic chemistry. In the criminology and criminal justice component, you’ll learn about trends in crime and investigate how crime can be prevented and reduced.

Professional recognition
As a graduate, you’ll be eligible to join the Australian and New Zealand Forensic Science Society, the Royal Australian Chemical Institute and the Australian and New Zealand Society of Criminology.

Career opportunities
You’ll be prepared for a career as a forensic scientist or in policing, corrections, security and law enforcement, customs and crime prevention. You’ll also be qualified to work in fields such as molecular biology, analytical chemistry and biomedical science.

You may also choose to continue your studies with an honours degree in either forensic science or criminology and criminal justice, which can lead to a PhD.

‘I was offered a position prior to graduating, thanks to the networks that I had made through my placement as part of the Professional Practice course.’

Emma Murray graduated with a Bachelor of Forensic Science and a Bachelor of Criminology and Criminal Justice in 2015. Her industry placement led to her first temporary full time role as an Administrative Officer for the Queensland Courts Diversion and Referral Services, before she obtained a permanent position as a Support Officer within the Courts Innovation Program. She is now the Project Officer for the Regional Services Outlet project with the Department of Justice and Attorney General. Emma says placement was a highlight of her time as a Griffith student. ‘I was able to see how I would apply the skills in the real world, regardless of the job I obtained. I then went on to secure a permanent position and got a promotion to an incredibly interesting and varied role working for the Executive Director, and am now getting some experience in project work.’

Emma Murray

* Students in the external mode of this degree study the Bachelor of Human Services online, except for three compulsory five-day, face-to-face intensive courses. Places in this external study mode are limited and at the discretion of the University.

**What you’ll study**

In this double degree, you'll develop an understanding of the vital importance of human services within Australia's legal and social systems. You'll be prepared for work in areas such as community development, welfare services and correctional services.

You’ll learn from the latest research and from experts with strong links to the health sector, government and community.

You’ll have the opportunity to use this knowledge to carry out supervised practice in a real-world human services setting in your final year professional practice placement. Visit [griffith.edu.au/health/placement-essentials](http://griffith.edu.au/health/placement-essentials) for details.

**Professional recognition**

As a graduate, you’ll be eligible to join the Australian and New Zealand Society of Criminology.

**Career opportunities**

You’ll find work in areas such as welfare services, family support, mental health services, correctional services, policy development and research, rehabilitation services, women’s services, and youth work. You’ll also find opportunities in policing and security, probation and parole, child protection, crime analysis, courts and justice services and crime prevention regulatory agencies.

**What you’ll study**

This double degree will give you insights into crime and the criminal justice system. In the psychological science component, you’ll develop an understanding of human behaviour and the variables that affect it, which will help you understand how people can get caught up in the criminal justice system. In the criminology and criminal justice component, you’ll study crime trends and learn how crime can be analysed and prevented.

You’ll have the option to complete a professional practice placement one day a week in your final year to gain experience in a justice-related workplace.

**Degree accreditation**

The Bachelor of Psychological Science is accredited by the Australian Psychology Accreditation Council (APAC).

**Professional recognition**

As a psychology graduate, you can choose to undertake a further year of study (honours or postgraduate) in psychology, making you eligible for associate membership of the Australian Psychological Society and general registration, with probationary conditions, as a psychologist in Queensland.

As a criminology and criminal justice graduate, you’ll be eligible to join the Australian and New Zealand Society of Criminology.

**Career opportunities**

You’ll find work in probation and parole, community corrections, guidance, health management, family services, counselling, child protection, program and policy development, research and administration.
**What you’ll study**

Criminology deals with the causes of crime and the treatment of criminals, making it of natural interest to criminal lawyers. In this double degree, you’ll develop the academic and professional knowledge, and analytical and practical skills you’ll need for a professional career in law, criminology and criminal justice. You’ll also gain an understanding of the complex environments in which crime occurs and the changing nature of the legal responses that must be applied.

See page 15 for a more detailed description of the Criminology component of this double degree.

**Professional recognition**

Completing the Bachelor of Laws is the first step towards being admitted as a legal practitioner. To be admitted, you must undertake additional legal training and meet the requirements of the Legal Practitioners Boards of the various Australian states and territories.

Griffith University’s law degree is also accepted for entry into the legal profession in Canada’s common law provinces, when accompanied by a Certificate of Qualification from the National Committee on Accreditation (NCA) of the Federation of Law Societies of Canada. You must ensure you complete the five Canadian Law courses to help you prepare for the NCA exams while gaining credit towards your law degree.

As a graduate of the Bachelor of Criminology and Criminal Justice, you’ll be eligible to join the Australian and New Zealand Society of Criminology.

**Career opportunities**

With a Bachelor of Laws you will be prepared for a career as a solicitor or barrister, after gaining professional recognition. You will find opportunities in business and government in areas such as academia, administration, banking, finance, industrial relations, management and marketing.

With the Bachelor of Criminology you will find opportunities in policing and security, intelligence, probation and parole, child protection, crime analysis, courts and justice services, crime prevention and regulatory agencies. You will be prepared for a career in areas such as law enforcement, working directly with offenders in welfare and counselling roles, and in criminological research and policy roles.

---

During her studies at Griffith, law and criminology student Brianna Attard embraced every opportunity to further her knowledge. With a passion for social justice, Brianna, also an Honours College student, volunteered at the Robina Community Legal Centre and the Gold Coast Centre Against Sexual Violence, as well as mentoring younger students. ‘I enrolled in the double degree because I enjoyed legal studies at school but I was also interested in criminology,’ she said. ‘At first I wanted to practice law but now I want to use my degree to help others by working in the field of criminology.’

Expanding her horizons, Brianna also won the John and Allison Kearney International Scholarship in Law to study law and criminology at the University of Copenhagen, Denmark. ‘I had a wonderful time in Denmark and it really opened my eyes to how people from other cultures live.’

**Biography**

**Brianna Attard**

*Bachelor of Laws/Bachelor of Criminology and Criminal Justice*
One of our scholarships could help you achieve your dreams. They are some of the most rewarding and supportive in Australia and make studying at university easier.

**Scholarships**

Each year Griffith University and its partners provide more than $40 million in direct financial support to help new and continuing students successfully complete their degrees.

With more than 600 scholarships available to cover tuition fees, education and living expenses, it is very worthwhile investigating whether you might qualify to receive one.

The School of Criminology and Criminal Justice also offers up to four honours scholarships for highly motivated students who have an interest in pursuing a research career in criminology.

**Find a scholarship for you**

Whether you’re starting new in 2019, returning after a break, or continuing your studies, there may be a scholarship that’s right for you.

Our website has a filter that will help match you to the right scholarship. You can apply for and receive more than one scholarship. To find out how to apply, and for more details about scholarships, visit griffith.edu.au/scholarships or email scholarships@griffith.edu.au

If you are an international student studying high school in Australia, visit griffith.edu.au/international-scholarships or email finaid-scholarships@griffith.edu.au for scholarship information.

Make sure you check the closing dates carefully, as these vary between scholarships. Most scholarships are open mid-July for study in 2019.

‘Griffith gave me the opportunity to become involved in these life-changing and enriching experiences.’

As part of her New Colombo Plan Scholarship Kimberley Bates studied at Hong Kong City University where she studied courses in domestic violence as well as interning with a women’s refuge centre. ‘The scholarship has helped me develop my research skills, open up networks and learn about other cultures,’ she said. ‘I really want to further my career in criminology research and the scholarship will help pave the way.’ Enhancing her international experience, Kimberley was also awarded a 2017 Asia Futures Fellowship which saw her visit Peking University in China, meet with Chinese students in Australia and raise money for an orphanage.

Bachelor of Psychological Science/Bachelor of Criminology and Criminal Justice
An extracurricular program for high-achieving students.

If you're a high-achieving student, the Griffith Honours College can help you reach your full potential.

You'll have opportunities to enrich your university study with mentoring, international experiences, leadership roles and community engagement activities.

The Griffith Honours College produces highly sought-after graduates with the specialist knowledge and broad management skills needed to become chief executive officers, researchers, educators, creators and community leaders.

**Benefits**

As a Griffith Honours College student, you will:

- gain a global perspective by studying and participating in events or working overseas for a few weeks, months or a year
- lead and support local, national and international community events
- be recognised as a high-achieving student in the Griffith community.

**Eligibility**

Applications to the Griffith Honours College are open to school leavers and non-school leavers who are undertaking their first undergraduate degree. International students meeting the criteria can also apply.

To be eligible you must:

- have Griffith University as a preference on your QTAC or UAC application and have a score of OP 1–3 (or equivalent ATAR). If you have exceptional personal achievement and expect an OP of 4–6 (or equivalent ATAR) you are also encouraged to apply.

**How to apply**

To apply to the Griffith Honours College, you need to complete the combined Deans’ Sir Samuel Griffith Scholarship/Sir Samuel Griffith Scholarship application. Successful applicants for the Deans’ Sir Samuel Griffith and Sir Samuel Griffith Scholarships are automatically given membership to the Griffith Honours College.

Applications open on Friday 20 July 2018.

You can apply online at griffith.edu.au/griffith-honours-college or email honourscollege@griffith.edu.au for more information.

Stephen Austin moved to Australia from Canada just so he could study criminology and criminal justice at Griffith University. ‘I researched universities all over the world and I decided on Griffith because it has the best reputation for criminology,’ he said. ‘And it exceeded my expectations.’ Stephen, who is also an Honours College student, has taken on many leadership roles during his study. He has represented students in the Criminology and Criminal Justice Student Society and attended a national student leadership forum in Canberra as an assistant group facilitator. ‘The leadership forum in Canberra helped me understand how to be a leader, not only at university but in the community as well. Griffith has given me so many opportunities to excel in my studies and prepare me for the working world.’

**Stephen Austin**

*Bachelor of Criminology and Criminal Justice (Honours)*
Griffith Sports College

We’re proud to be one of the top elite athlete-friendly universities in Australia.

Griffith has one of the highest number of elite athlete students in the country. Through the Griffith Sports College (GSC), we provide dedicated assistance for more than 450 student athletes, helping them successfully balance the high demands of elite sport and university life. Our distinguished Alumni include: 55 Olympians, 10 Paralympians and more than 30 Commonwealth Games athletes.

Benefits
- Personalised degree advice, course planning and pathway advice
- Timetabling assistance, to allow for sporting commitments
- Class attendance flexibility
- Assessment and exam benefits, such as extensions, deferred or alternate arrangements
- Support with special consideration requests
- Flexibility to study interstate with online options
- Sports-specific benefits including access to on-campus sporting facilities

Staff support
The Griffith Sports College has a wealth of sporting and academic knowledge within its staff team including Olympic gold medalists Duncan Free OAM (GSC Director) and Naomi McCarthy (nee Castle) OAM (GSC Manager). Both Duncan and Naomi are Griffith alumni and understand the demands elite athletes face juggling training and competition with study and can provide mentoring and direct athlete support.

Eligibility
If you compete at a state, national or international level in your sport, you might be eligible to join the Griffith Sports College. Elite athletes* are identified as participating in an AIS and Griffith University recognised sport. We base eligibility on advice from state and national sporting organisations, professional sporting clubs or recognised player associations.

As part of the Australian Institute of Sport’s (AIS) Elite Athlete Friendly University (EAFU) network, we work one-on-one with students and directly with teaching staff to provide a supportive environment for athletes.

How to apply
You can download a GSC application form at griffith.edu.au/griffith-sports-college

* the term ‘elite athlete’ includes athletes and coaches

Clare Polkinghorne, pictured far right, has played football (soccer) at the highest level. She is currently captain of the Brisbane Roar and is also co-captain of the Matildas, having represented her country at two FIFA World Cups and the 2016 Olympic Games in Rio de Janeiro. Clare has also completed undergraduate study in criminology with a double degree in psychological science, and found she enjoyed it so much she wanted to study further. She is now undertaking a Master of Criminology and Criminal Justice at Griffith. The flexibility of external study at Griffith has enabled Clare to pursue both academic and sporting goals and cope with the demands of long distance travel. ‘Upon completion of my masters and my footballing career, I plan to apply to the Australian Federal Police and begin the next phase of my criminology career’.

Clare Polkinghorne
Master of Criminology and Criminal Justice
Griffith College

Discover an admission pathway to Griffith University.

Griffith College offers two-trimester diplomas that provide an admission pathway to Griffith University if you don’t get in to your chosen degree. After completing your diploma, you’ll be eligible for entry to second year* of a Griffith bachelor degree, so you’ll lose no time in graduating.

Griffith College programs are equivalent to university-level study, and are delivered in a supportive and specialised learning environment to better prepare you for success in your bachelor degree.

And because Griffith College is situated on-campus at the Gold Coast and Mt Gravatt, you’ll have access to university facilities and become part of the Griffith community from day one.

Griffith College offers 11 diploma programs providing access to second year of more than 60 Griffith bachelor degrees across diverse study areas such as arts, commerce, psychology, IT, science, nursing, health sciences, engineering, criminology and design.

For Griffith College fee information, entry requirements and credit transfer information, visit griffith.edu.au/college

‘I decided to apply through Griffith College as I had been out of school for a little while and wanted to study again. Griffith College offered a very supportive course to guide my learning and has taught me so many different ways to study more effectively. The teaching styles of the lecturers are second to none. They present the course information in a fun, easy to understand manner which inspires us to strive for success. I love that I can make an appointment to meet with a Student Learning Advisor if I need help with my assignments.’

Jessica Murray
Diploma of Health Sciences

Foundation Program
Griffith College also offers a Foundation Program, a bridging course for students who didn’t finish senior studies in high school. You’ll be trained in the knowledge and skills needed for successful university study and be able to acquire prerequisites for specific Griffith University degrees.

Griffith College Foundation Program graduates are eligible to apply for many Griffith College diplomas and Griffith University degrees via direct application.

* Entry into second year is dependent on successfully completing the Griffith College program and meeting degree admission requirements. Students must complete in their second or third years of the degree any first year core courses for which credit transfer has not been granted.
Support to help you succeed

Whether you’ve just finished school or finished a while ago, starting university can seem daunting. We offer a wide range of support services to help you feel confident and succeed in your degree.

Orientation
To help you get settled and enjoy success at university, we hold Orientation Week, or O-Week, the week before each trimester starts. You’ll find out more about your chosen degree, meet other students, get familiar with our campuses, have the chance to sign up for clubs and societies and find out what Griffith has to offer. As well as practical tours and information sessions, O-Week includes fun activities and social events, plus live music, food stalls and giveaways. Find out more at griffith.edu.au/orientation

Learning support services
In our libraries we provide spaces that are adaptable and comfortable where you can access services and resources, meet up for group study or find a space for individual work. In all our libraries we provide computers for study, laptops you can borrow, or you can connect your own device to the wireless network. Participate in our Earlybird workshops or upskill at your own pace with the libraries study modules designed to develop your academic, digital and library research skills. For more information visit griffith.edu.au/library/study

Personal support services
Our personal support services will help you manage your life while you’re at university, and develop skills to enhance your life and study. Go to griffith.edu.au/student-services to find out more.

Aboriginal and Torres Strait Islander students
The GUMURRII Student Support Unit (SSU) is the heart of Griffith University’s Aboriginal and Torres Strait Islander community and is located on each of Griffith’s five campuses. GUMURRII SSU is a dedicated support unit for Aboriginal and Torres Strait Islander students enrolled at Griffith University. GUMURRII SSU staff assist students from recruitment and orientation through to graduation; providing undergraduate and postgraduate support, including tutorial assistance in a safe and culturally appropriate learning environment.

The Aboriginal and Torres Strait Islander Tutorial Assistance Program (ATSITAP) is an initiative that aims to improve educational outcomes for Aboriginal and Torres Strait Islander students at Griffith University. The ATSITAP funding covers the costs of providing supplementary tuition to eligible students who require additional academic support.

Find out more at griffith.edu.au/gumurrii

Finding a place to live
Griffith Accommodation and a range of private providers offer on-campus accommodation at our Gold Coast, Nathan, Mt Gravatt and Logan campuses. Living on campus is a convenient option for many students and provides the opportunity to join a diverse international community, access university facilities and academic support and make lifelong friends.

We can also provide information on how to find off-campus accommodation, what to look for when inspecting properties, how to apply for accommodation once you have found the right place and help you connect with potential flatmates if you’re looking to share accommodation.

Campus Life (in Brisbane and Logan) and the Student Guild (at the Gold Coast) can also provide you with up-to-date listings of accommodation ranging from rooms in share houses to beach front apartments, with information on transport and costs.

For more information visit griffith.edu.au/accommodation

Students with disabilities
We provide disability support services on all campuses. These services, coordinated through our Student Services office, enable students with disabilities to access and participate in our learning environment.

Future students should contact the Disabilities Service:

Phone: +61 (0)7 3735 7470
Email: disability@griffith.edu.au

If you are deaf or hard of hearing, you can contact the Disabilities Service Officer directly on:

Phone: 0419 713 271
Email: deafstudentsupportprogram@griffith.edu.au
How to apply

Use this section to help you through the application process.

The following information relates to applying for university as a domestic student. This includes:

• Australian citizens
• Australian Permanent Residents (holders of all categories of permanent resident visas, including Humanitarian Visas)
• New Zealand citizens

Learn more about student fees and tertiary options at studyassist.gov.au
2 Check entry requirements

University applications are made through the Queensland Tertiary Admissions Centre (QTAC) or the University Admissions Centre (UAC, for New South Wales applicants). In some circumstances, you may submit a direct application to Griffith. Applications are assessed on:

1. Eligibility—subject prerequisites and any additional criteria set by the university

2. Merit—OP, ATAR or Selection Rank

Eligibility

Subject prerequisites

Subject prerequisites are subjects that must be completed, and a minimum grade achieved, in order to be admitted to a degree. English is a prerequisite for all of our degrees and some degrees have additional prerequisites.

Prior Assumed Knowledge

It is assumed that through your secondary school, or equivalent studies, you will have achieved a minimum level of knowledge in certain subjects, such as Maths (A, B or C), Physics, Chemistry or Biology. If you haven’t completed these subjects or don’t have the recommended level of prior knowledge, you can still be made an offer for the degree. However, if you want to gain this knowledge, you can take one of our bridging courses.

If you haven’t studied the prerequisite subjects for a degree, or if you have studied them but didn’t pass, you may be able to complete a bridging course. You can also look for other degrees that may provide a pathway to your preferred degree.

Visit griffith.edu.au/apply for information on pathways.

Merit

OP, ATAR, IB and Selection Rank

An Overall Position (OP) is the tertiary entrance rank assigned to eligible Year 12 students in Queensland based on their performance in senior secondary school subjects.

An Australian Tertiary Admission Rank (ATAR) is the rank assigned to eligible Year 12 students in other Australian states and territories. Some high schools also offer the Diploma of the International Baccalaureate program.

If you don’t have an OP, ATAR or a Diploma of the International Baccalaureate, you can still receive a Selection Rank on the basis of bridging courses, tertiary admissions tests or work and life experience.

For students seeking entry to degrees from Trimester 1, 2021, the Australian Tertiary Admission Rank (ATAR) will replace the Overall Position (OP) as the standard pathway to tertiary study for Queensland Year 12s. For further information, visit qtc.edu.au/atar-2020

Additional criteria

Experience based entry scheme

Some degrees, in particular those offered at the Queensland Conservatorium, require applicants to attend an audition and/or submit a folio of work. Education degrees require applicants to submit a personal statement. You can find specific information about these requirements at degrees.griffith.edu.au

Some Griffith degrees are designed for people who have studied at university before. These degrees require you to hold a bachelor degree to be eligible for entry. For more detail, refer to the entry requirements for specific degrees on degrees.griffith.edu.au

English language proficiency

If you are a prospective international applicant, or if your previous study was undertaken in a language other than English, you will need to demonstrate that you can speak, write, read and comprehend English. The English language proficiency requirements vary between degrees. Search degrees.griffith.edu.au for information on your preferred degree.

Selection Rank

A competitive Selection Rank is required to be eligible for an offer into a degree.

Offers are made to applicants’ highest eligible preference. If your Selection Rank is equal to or better than the Selection Rank for that intake, and all other entry requirements are met, you may be eligible for an offer. Eligibility can also depend on whether the program is open and whether places are available for the intake.

Selection Ranks are an indication of the demand for a degree, and do not necessarily reflect the level of academic difficulty. Indicative Selection Ranks are not available for new degrees. Selection Ranks can change from year to year and should be used as a guide only.

Applicants over 18

At Griffith, you are considered mature age if you are seeking entry to university and you are 18 years of age prior to the commencement of the next trimester.

Pathways

If you have not met the entry requirements through your recently completed secondary studies, there are a range of options that can help you upgrade to your preferred degree or to satisfy subject prerequisites.

We recognise the knowledge and skills gained through bridging courses, Vocational education and training (VET) study and Special Tertiary Admissions Test (STAT) results. The Selection Ranks from these qualifications may not meet the entry requirements for all degrees.

Please contact us to clarify the specific requirements for your preferred degree. Please note, STAT is not for current school leavers. For more information, visit griffith.edu.au/pathways
Griffith Personal Statement
Success at university is about much more than completing a qualification. The Griffith Personal Statement is an entry pathway available to mature students who don’t meet the academic entry requirements for a number of degrees. You may be invited to apply on the basis of your personal and professional skills and knowledge. You’ll be asked to answer a number of questions based on criteria we know are good predictors of success at university, including attributes such as commitment, preparation, self-reflection and experience. Visit griffith.edu.au/griffith-personal-statement to find out more.

Griffith University Preparation Program
If you are a Non-School Leaver who would like to undertake university study but lack the formal qualifications for admission, you may wish to apply for the Griffith University Preparation Program.

The program consists of four courses which will provide you with the foundational knowledge, academic skills and confidence to complete an undergraduate degree at Griffith University. Applicants who successfully complete the program will be eligible for admission into a number of Griffith degrees. Visit griffith.edu.au/gu-prep-program.

Griffith College
If you haven’t achieved the OP or Selection Rank you were expecting, missed out on the degree of your choice, or are looking for alternative ways to get into university, you might consider completing a diploma at Griffith College. Located at the Gold Coast and Mt Gravatt campuses, Griffith College offers diplomas comprising courses of a comparable nature to some of our degrees. After successfully completing a Griffith College diploma, you’re guaranteed direct entry into a range of related Griffith degrees with up to a year’s credit. Conditions apply for some degrees.

Griffith College also offers a Foundation Program to help you bridge the gap if you didn’t finish Senior high school. See page 24 for more information about Griffith College, or visit griffith.edu.au/college to find out more.

Certificate IV in Adult Tertiary Preparation
TAFE and various other private providers offer the Certificate IV in Adult Tertiary Preparation. Students are trained in the knowledge and skills needed for successful tertiary study. If you complete the full Certificate IV in Adult Tertiary Preparation (CATP) at a Queensland TAFE Institute you are guaranteed a place in a range of Griffith University degrees. You can also complete specific components of the CATP to meet subject prerequisite for admission into your preferred degree. To find out more, visit griffith.edu.au/pathways.

TAFE Admission Scheme
When you graduate with a Diploma or Advanced Diploma from an Australian TAFE Institute, your Selection Rank will be adjusted through our TAFE Admission Scheme. You’ll receive guaranteed direct entry into the next intake for your eligible degree where places are available. Some exclusions apply. You may also be eligible to receive credit transfer. To find out more, visit griffith.edu.au/tafe-admission-scheme.

Open Universities Australia
In conjunction with Open Universities Australia (OUA), we offer online studies in arts, business, communication, and criminology and criminal justice. OUA entry requirements enable anyone to study a degree, while offering greater flexibility in structure through the wide range of courses available. We also offer Commonwealth supported places (CSP) through OUA in the:

- Bachelor of Arts
- Bachelor of Business
- Bachelor of Communication and Journalism
- Bachelor of Criminology and Criminal Justice.

After completing and passing two OUA courses or equivalent (with a minimum GPA of 4 and within the previous 12 months), you can apply for a CSP place. Visit open.edu.au/courses/grf to see what Griffith courses you can study via OUA and find out how to apply.

Visit griffith.edu.au/oua to find out about support for Griffith OUA students.
Adjustment Factors
We offer a range of schemes that may boost your Selection Rank and improve your chances of getting into your preferred degree. You don't need to apply for adjustments—they will be automatically applied to your QTAC or UAC application.

The maximum total adjustments an applicant can receive under all schemes is capped at 8 ranks. Subject prerequisites and additional entry requirements still apply, and some degrees are not eligible for adjustments.

Refer to degrees.griffith.edu.au for details on specific degrees.

GUESTS
The Griffith University Early Start to Tertiary Studies (GUESTS) program offers OP, ATAR or Diploma of the International Baccalaureate eligible senior high school students the opportunity to study a course (subject) at Griffith while still at school. Students who successfully complete their course are eligible to be awarded a maximum adjustment of 4 ranks (2 per course) and may apply for credit transfer in an undergraduate degree.

Visit griffith.edu.au/guests for more information.

Year 12 adjustment scheme
We award subject adjustments for subjects and university courses that you successfully complete in high school that require a high level of skill and knowledge. This includes Year 12 applicants currently undertaking their External Senior studies. As a current Year 12 student, you can be awarded a maximum adjustment of 6 ranks (2 per subject) for successfully completing subjects (or equivalent interstate subjects) such as:

- Accounting
- Aerospace
- Ancient History
- Biology
- Business
- Chemistry
- Economics
- Geography
- Health
- Languages other than English (LOTE)
- Legal Studies
- Marine Science
- Specialist Maths
- Modern History
- Physics
- GUESTS course

OP 1–6 Guarantee
We award all applicants with an OP 1–6, or equivalent Selection Rank, a guaranteed place in most Griffith undergraduate degrees. You do not need to apply separately for the guarantee as this is automatically applied to eligible QTAC or UAC preferences. This scheme is also known as ‘The Griffith High-Achiever Guarantee’ in UAC. Mature age and non-current school-leavers are also eligible for this scheme. For further details, please check the degree and career finder at degrees.griffith.edu.au

Gold Coast and Logan Campus Priority Access Scheme
If you’re a local and new to tertiary study, you may be eligible for Priority Access. This scheme awards a location adjustment of one OP band or two ranks when you apply for degrees at Gold Coast and Logan campuses and reside in an eligible region. Some degrees are excluded from this scheme. Find out more at griffith.edu.au/gold-coast-logan-priority-access
You can list up to six preferences on your QTAC application or five preferences on your UAC application. You’ll receive an offer for the highest preference you’re eligible for. Here’s a guide to ordering your preferences:

1st and 2nd Desired degrees—these are degrees you really want to study and that you have a reasonable chance of gaining entry to.

3rd and 4th Preferred degrees—these are degrees that you want to study and have a good chance of gaining entry to.

5th and 6th Pathways—these are degrees or diplomas that will help you upgrade to one of your desired or preferred degrees.

- Nominating a degree for all preferences will give you the best chance of being offered a place at university.
- If you’re applying for a double degree, make sure you list the two component single degrees as preferences as well—these may be easier to gain entry to. You may have the chance to upgrade to the double degree after a year of study.
- If you intend to study at the Gold Coast campus, we recommend that you apply via either QTAC or UAC, but not both. If you’re eligible, you’ll still receive your offer with us and you’ll save on application fees.

As well as your QTAC or UAC application, you may have other applications to submit, such as music auditions, scholarships or accommodation. Application deadlines for these vary, so be sure to check the website for specific details.

Auditions
If you’re applying for a degree at the Griffith Queensland Conservatorium, visit griffith.edu.au/conservatorium-auditions for details on how to apply for an audition.

Scholarships
With more than 600 scholarships on offer, we can help make study at university easier. Academic excellence, equity, accommodation, First Peoples and sports scholarships are available. Visit griffith.edu.au/scholarships to find out what you’re eligible for and apply. If you’re an international student, visit griffith.edu.au/international-scholarships

Student accommodation
If you’re thinking of living on campus, submit your application as soon as possible. Accommodation offers are based on distance from the university and time of application. Successful applicants will be notified after QTAC offers are made. Find out more at griffith.edu.au/accommodation
Most Australian students who are studying degrees are recognised as Commonwealth supported students. This means you pay a student contribution each trimester and the majority of the cost of your education is met by the Australian Government, through the HECS–HELP scheme.

**2018 Student contribution bands**

<table>
<thead>
<tr>
<th>BANDS AND DISCIPLINES IN EACH BAND</th>
<th>RANGE (PER EFTSL)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Band 3: Law, Accounting, Administration, Economics, Commerce, Dentistry, Medicine, Veterinary Science</td>
<td>$10,754</td>
</tr>
<tr>
<td>Band 2: Mathematics, Statistics, Computing, Built Environment, Other Health, Allied Health, Science, Engineering, Surveying, Agriculture</td>
<td>$9,185</td>
</tr>
<tr>
<td>Band 1: Humanities, Behavioural Science, Social Studies, Education*, Clinical Psychology, Foreign Languages, Visual and Performing Arts, Nursing*</td>
<td>$6,444</td>
</tr>
</tbody>
</table>

*Equivalent full-time study load.

Band 1 provides the most support for students who are planning to continue in their degree beyond the first year.

Visit [studyassist.gov.au](http://studyassist.gov.au) for more information on student contributions bands.

### Deferring your study costs with HECS-HELP

HECS-HELP (the Higher Education Contribution Scheme–Higher Education Loan Program) is a government loan that, depending on your citizenship or residency status, allows you to defer the costs of your study and pay your student contribution when you are earning more money. You repay your HECS–HELP debt through the tax system. This means that other than study materials such as textbooks, you will have no up-front costs for your degree.

### Financial assistance

Once you are at university, our welfare and student liaison officers can help you plan budgets, apply for loans and equity schemes (if you qualify), and explore other financial options, such as Centrelink payments. Visit [griffith.edu.au/welfare](http://griffith.edu.au/welfare) for more information.

---

**Accept your offer and enrol**

QTAC and UAC offers rounds for study in Trimester 1 2019 intake commence in early August 2018. We recommend accepting your offer and enrolling **as soon as possible** to secure your place. You can then select your classes and create a timetable.

### QTAC continuous offers

Griffith commences making QTAC offers to eligible Non-School Leavers from August each year. Year 12 students may receive an offer as soon as results are released in December, which can assist with organising accommodation, changing preferences or seeking alternative study pathways.

Offers to some programs are only made during the mid-January offer round.

This means you have to wait until this date before you receive an offer. To check degrees and their offer round dates, visit [qtac.edu.au](http://qtac.edu.au).

### Credit for prior learning

Once you have been accepted into Griffith, you can apply for credit for prior learning, which can reduce the time it will take to complete your degree. Providing you can show that it’s relevant to your degree, you can be granted credit for formal study such as TAFE courses, non-formal learning, such as workplace training, and informal learning, such as work, social, family, hobby or leisure activities. Visit [griffith.edu.au/credit](http://griffith.edu.au/credit) to find out more.

### Deferrment

Deferrment allows you to delay the start of your studies, while still securing your offer. Deferrment is not available for all degrees and cannot exceed 12 months. You can request to defer after you receive an offer. You can select the deferrment option when you respond to your QTAC offer. For UAC, you can email deferred@griffith.edu.au to request deferment.

### Internal transfer

Once you have been admitted to Griffith you have the option to apply for an internal transfer to another degree. Providing you meet the entry requirements for the degree you wish to transfer to, you do not need to reapply through QTAC or UAC.

If you have an active QTAC or UAC application, you can also change your preferences.

Not all degrees can be applied for via internal transfer. Find out more at [griffith.edu.au/apply/internal-transfer](http://griffith.edu.au/apply/internal-transfer).

Campuses

Our five thriving campuses in South East Queensland each have distinct areas of expertise, and are deeply engaged with their local communities. Students have access to diverse study options and unique learning opportunities, leading to exceptional outcomes upon graduation.

Gold Coast
Our most comprehensive campus, the Gold Coast offers teaching and research across nearly all disciplines, supported by a range of state-of-the-art facilities. Co-located with the Gold Coast University Hospital and the Gold Coast 2018 Commonwealth Games Village, it is the most exciting education precinct in Australia.

Nathan
Nathan, our foundation campus, is situated in tranquil, native bushland on the edge of Toohey Forest. It offers degrees across a range of disciplines and is home to world-class expertise in the environment, corporate sustainability, Asian studies and the emerging biosciences.

Logan
Logan, our community-focused campus, is recognised as a national showcase of social inclusion in higher education through innovative partnerships, industry engagement and degree pathways. It is a leader in flexible learning options and has strong connections with the local community, hosting numerous sporting and cultural events.

South Bank
Located in Brisbane’s cultural heart, the South Bank campus is renowned for excellence in the creative and performing arts. The campus encompasses the Queensland College of Art, Queensland Conservatorium, Griffith Film School and Griffith Graduate Centre.

Mt Gravatt
Adjacent to Nathan campus with panoramic views to Brisbane, our Mt Gravatt campus is also situated on the edge of the Toohey Forest. This campus is a leader in its focus on crime prevention and intervention and is the base for research and teaching in criminology, education and psychology.
