TIME ON TASK
Put time aside to study for each of your courses every week – this is the strongest predictor of success!

ATTEND CLASS
Attending lectures and tutorials regularly is the second strongest predictor of academic success at university.

FOCUS ON YOUR GOALS
Having a clear goal or purpose for attending university is also a strong predictor of academic success and it also protects against dropping out in your first year.

DEVELOP YOUR SELF-CONFIDENCE
Having a clear goal or purpose for attending university is also a strong predictor of academic success and it also protects against dropping out in your first year.

DEVELOP PEER RELATIONSHIPS
Developing a social network at university with your colleagues helps protect against dropping out in your first semester and first year of study.

ONLINE ENGAGEMENT
Engaging with the university’s ‘online environment’ via access to Learning@Griffith and your student email is central to your academic success.

WORK-LIFE-STUDY BALANCE
Working no more than 15 hours a week in paid employment (if you are enrolled full-time) predicts academic success, as it enables you to allocate sufficient time to study.
