

How to offer a health placement

Guide to partnering with us

Register

Interested in offering a health placement?

Review our website:
griffith.edu.au/griffith-health/health-placement-support-hub/health-placement-partners

1

Complete the registration form

This form can be found on our website

2

Review your organisation and our Griffith Health programs

What placement opportunities will work best for your organisation and our students.

Organise

3

Confirm your workplace is safe for students

Once we have processed your registration, we will send documentation to complete as evidence that your workplace is safe. This may also include a site visit.

4

Complete a Student Placement Agreement

What type of placement matches your organisation? Choose from a Single Discipline, Multi Discipline or WIL Agreement. Once everything is finalised we will create and agreement and have it signed by both parties.

5

Organising the placement details and sign the student placement agreement

We must finalise the dates, orientation requirements and eligibility.

Begin

6

Commence the Placement

Once all steps are complete we will advise you and the student that the placement is approved to commence. You can contact us at any time for advice and support throughout the placement.

7

Gather your feedback

We value your feedback and look to improve our student experience and industry engagement.

Continue our partnership

We look forward to a long and prosperous partnership between the university and your organisation.
