

NOTES FOR THE GUIDANCE OF EXAMINERS OF MASTER OF DESIGN RESEARCH SUBMISSION

STANDARD FOR THE AWARD OF THE DEGREE

The degree of Master of Design Research (MDesResearch) is an Australian Qualifications Framework (AQF) Level 9 program. The MDesResearch is awarded for an integrated program of structured learning and independent supervised study that produces a substantial piece for independent examination by at least two external expert examiners of international standing.

PURPOSE AND NATURE OF THE MASTER OF DESIGN RESEARCH

This program gives candidates the opportunity to extend their studio expertise by identifying challenges, exploring innovative solutions and advancing their understanding of the concepts underlying their work and the context in which it is produced. Graduates demonstrate high performance levels in their studio practice, having developed a strong theoretical understanding of that practice.

THE EXAMINATION BOARD

At least two external expert examiners of international standing are appointed to assess the thesis (combined design outcome/s and exegesis). A member of staff of the University is appointed as Chairperson of Examiners, whose task is to consider the reports of the examiners and make a recommendation to the University on the outcome of the examination.

The thesis examination process is conducted online through the Examiner's Evaluation Workcentre located in the Griffith University home page: www.griffith.edu.au>Griffith Portal>Research>Academic Resources>Evaluation Workcentre:

- Examiners are asked to provide their recommendation on results of examination.
- Examiners are asked to provide a justification for their recommendation and an evaluation of the thesis in line with AQF Level 9 program criteria (<https://www.aqf.edu.au/aqf-levels>)
- Please note that in the case of competing recommendations, a recommendation may need to be set aside if not supported by a report detailing the justification for the recommendation.

Examiners must make an independent report and recommendation and are asked not to communicate directly with the candidate, the candidate's supervisor/s or each other.

Candidates are provided with copies of reports of the examiners and Chairperson of Examiners with their identity expunged. The identity of the examiners and Chairperson of Examiners will be revealed to the candidate when the examination is concluded. If this policy causes you concern, you are asked not to accept the task of Examiner or Chairperson of Examiners.

- documentation of the designed outcome submitted in an appropriate form of publication (video, film, CD, USB, internet site, site specific installation, exhibition, web publications etc);

Examiners are asked to assess the submission according to the following AQF Level 9 criteria:
