## *Give the gift of education*

---

*Donate*

Philanthropy is the gift of giving. It is an act performed selflessly to benefit others and rarely is it more valuable than when linked to education.

At Griffith University, our belief in the power of education manifests in a commitment to ensure all students—regardless of their personal or financial circumstances—have every opportunity to succeed in their studies and make significant impacts in their chosen fields.

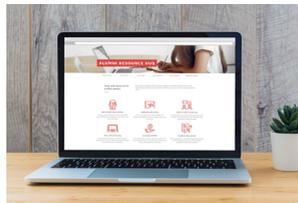

This is achieved through the Students' Future Fund, a scholarship fund for students who are excelling at their studies but are experiencing personal or financial hardship. Donations can be made through the Annual Appeal and are matched dollar for dollar by Griffith University.

Your generosity this festive season can help change students' lives.

# STAYCATION
