Access PLUS

DOCUMENT CONVERSION CENTRE

Greater access to online materials

Access Plus is a new automated service for the conversion of documents to a range of formats to assist people with print disabilities.

You can use Access Plus to convert documents into a range of alternative formats including digital Braille, MP3, DAISY and e-books. The service can also be used to convert otherwise inaccessible documents such as image-only PDF files or scanned images into more accessible formats.

*(NOTE: If you are registered with Disabilities Service for print disabilities we will already be supporting conversion of your **required** learning materials).*
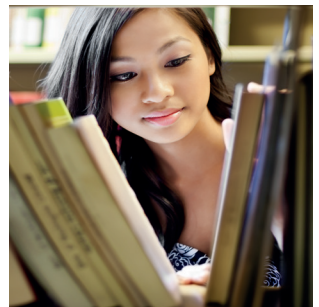

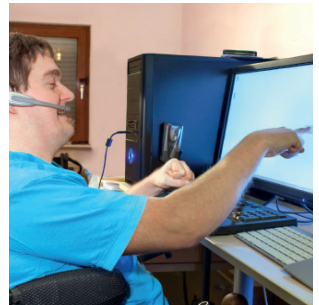

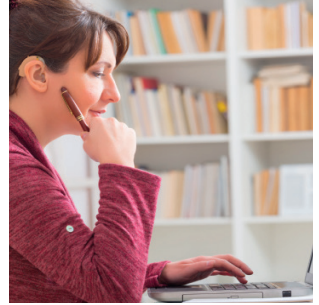

How to access to this site?

All students registered with Griffith's Disabilities Service will automatically have access this site through Learning@Griffith. If you don't have access email **disability@griffith.edu.au**

Staff supporting students with disabilities e.g. producing accessible materials can email **accessibilityteam@griffith.edu.au**

For more information

Call Disabilities Service on 3735 7470
Email: **disability@griffith.edu.au**

Support for people with a disability or health condition

Support for students

The Disabilities Service provides student support for:

» reasonable adjustments to learning activities
» arrangements for alternative exam conditions
» access to assistive technologies
» peer-notetaking service
» Auslan interpreter services
» referral to other services as appropriate.

Our services are professional and confidential.
If you are a student with a disability, injury or health condition contact us at **disability@griffith.edu.au**

Support for staff

If you are a staff member with a disability please visit **www.griffith.edu.au/equity**

Resources for supporting students with a disability, injury or health condition are available at **www.griffith.edu.au/accessibility**

Information includes:

» legislative responsibilities
» universal design for learning
» creating accessible course materials
» best practice examples
» professional development opportunities
» useful links and resources
