

How to... Update common internet browsers to the latest version

Introduction

This guide will show you how to update common internet browsers to the latest version including:

- Microsoft Edge
- Google Chrome •
- Safari (MacOS and iOS) •
- Firefox •

Note: Screenshots in this guide may differ depending on device and software versions.

Microsoft Edge

Select About Microsoft Edge.

If you are prompted to restart your Microsoft Edge browser, please do so right away.

Google Chrome

Safari (MacOS)

If a Safari browser update is available for your device, you can get it by updating or upgrading your MacOS device.

To check and install any updates or upgrades to that are available for your MacOS device follow the steps below.

If you have VenturaOS or later installed:

0
-

Click on the Apple menu and select **System Settings.**

If Software Update finds new software:

- Click More info to view what updates are available
- Click Update Now to install available updates.
